Ways to Engage 2020

SAMPLE CURTAIN SPEECH LANGUAGE

_________________________________ or __________________________________________

venue name                                                                 arts organization

is pleased to participate in Arts, Culture & Creativity Month, a
statewide campaign declared by the California Senate in a
concurrent resolution to be every April in California to recognize and
celebrate the significant impact the arts have in California.

Although the creative economy is 7.1% of our gross state product,
ahead of agriculture and transportation, current state public
funding levels are only .71 cents per capita per person in California
which ranks us 26th in the nation.

With California known for its creativity, we can do better and so we
ask our city, county and state officials to invest in the arts because
we know arts not only bring joy and build community, they are good
for business too.
