HAND DELIVERED

October 2, 2020

Doug Vincent-Lang,
Commissioner
Alaska Department of Fish & Game
Juneau, Alaska 99801

Re: Wolf Hunting & Trapping in Game Management Unit 2

Commissioner Vincent-Lang:

I write again on behalf of the Alaska Wildlife Alliance and Joel Bennett as a result of your failure to acknowledge or respond to the correspondence dated September 18, 2020 in reply to your decision dated September 8, 2020.

After carefully re-reading your September 8, 2020, decision not to declare an emergency closure of the wolf season in GMU 2, it is not apparent whether you have denied the petitioner's request or simply postponed a decision on the petition for an emergency closure of the wolf harvest in GMU 2 until after you receive the 2019 wolf population data and analysis for GMU 2.

Given the ambiguous nature of your decisional document, the petitioners renew their request for a decision on the merits of their claim within 30 days of this correspondence.

Sincerely,

Joseph W. Geldhof
