

Employer Hub Program Menu

2023 – 2024

Through our Employer Hub programming, YouthForce NOLA and Junior Achievement partner with public school teachers, counselors, and principals to help you make college and career planning a regular, seamless part of your students' learning experiences. Together, we equip your students with the skills and know-how they need to take charge of their futures and successfully navigate their next steps in life. **CLICK HERE** to request a program or contact **Madeline Hauck** at madeline@jagno.org or (314) 620-5382.

Guest Speaker VIRTUAL OR IN-PERSON

Invite an individual or a panel of representatives from a local industry to speak with your students about their careers and education/training history, and answer students' questions. We coordinate with speakers and prepare them for the session with talking points and a presentation.

Site Visit IN-PERSON

Visit GNO-area job sites with your students for a 60- to 120-minute tour, complete with employee presentations and the opportunity for Q&A.

Professional Skill Building IN-PERSON

Prepare students for the world of work by introducing them to the essentials of professional communication and relationship-building. Lessons can be delivered by you, a Junior Achievement staff member, or one of our 250+ local business partners.

Career Fair IN-PERSON

Help students explore their options and aspirations by hosting a Career Fair at your school. We recruit local companies to exhibit based on your students' interests, and we offer extensive support with planning and execution.

Original Programming VIRTUAL OR IN-PERSON

Don't see the content you're looking for? We've got you covered! All of our programs can be adapted or combined to meet your and your students' needs, and we love for our teachers to get creative. Send us your ideas and we'll develop a program that works for you.

Do you teach Special Education, English Learners, or another specialized curriculum? We craft our programs and events to accommodate the needs of all learners, and can work with you to care for the unique needs of your students and school community.

Employer Hub Program Supplements

2023 – 2024

Your to-do list is long and your schedule is packed—and we’ve got you covered. In addition to our standard Employer Hub support, we offer a variety of supplemental lessons and activities that busy educators can use to enhance each learning experience. Please note that the use of these add-ons is **not required** for you to access our Employer Hub programming. To learn more or request copies of materials, contact **Madeline Hauck** at madeline@jagno.org or (314) 620-5382.
