Joe Hayes said that he would like to see the Declaration of Covenants for this subdivision.

James Freiband review memorandum dated April 7, 2017.

At the March meeting the Board began the SEQR lead agency coordination process and forwarded the application to the ECC for advisory review of the Conservation Analysis. As of this date, no response has been received.

Raymond Sokolov commented neighboring property owners along Jenkinstown Road are concerned about the location of the septic systems on this project. James Freiband explained the applicant has made application on the sewage disposal system which has been referred to the DEC due to the SPDES requirement. That simplifies the site plan process since the Board will have the benefit of the DEC input before taking formal action on the site plan.

Joe Hayes questioned if there are any bike trails on the site. Tobias Levy replies yes and showed the Board the location of the trails.

Carol Richman stated that this Board needs to give the ECC more time because they are volunteering their time. James Freiband replied meeting can be carried over to the May pending the ECC comments.

James Freiband explained the layout of the buildings and parking pose something of an issue. There are cited guidelines in the Zoning including building form guidelines; Hamlet Design Guidelines and Rural Development Guidelines. Suggestion a more relaxed approached of the building siting and something to fragment and screen the parking. The applicant is not taking advantage of the vista and needs to reexamine the structures.

James Freiband explained at the March meeting the Board agreed to proceed with a coordinated SEQR process and notified all the listed agencies for this site. The County also conducted Gateway meeting on the 11th of April to coordinate review between the various agencies listed. There were no agency objections to the proposed use based on the SEQR documentation already distributed. Warren Wiegand asked why was the Gateway meeting requested. Michael Moriello, Esq. replied he requested the meeting.
