Josh and Andy met with Lady Pink about creating a community mural on the handball wall. She is a world renowned artist.

The wall would need to be primed before May 27th the studio store. She needs a little bit of scaffolding and a bit of white and black paint. They would be donating their time. The community mural would be on the side most visible to the community.

We'll be able to work with the library to get the word out about the mural and to have the kids create their own murals. Like a paint by number. We'll be looking for black and white paint donations.
