

## Gardiner Parks and Recreation Minutes - September 19, 2019

In attendance: Michael Albright, Michele Tomasicchio, Brain Houser, Ralph Varrano

Meeting Began: 7:10 pm

Meeting Ended: 8:30 pm

The Shaft road development has kicked in money from that for the lot for the trails. Money was added to our line from Gardiner Summer Recreation.

A line item will be added to the budget for the winter port-o-pottys.

We have \$20,000 allotted to spend before the end of the year.

Maintenance has to be completed at the park. The porch at the bathroom needs to be fixed. Instead of using Trex it was suggested to pull the rotting wood up and have a concrete slab installed. It would also be a good idea to add concrete to the disc golf pads. Adding the extra concrete to the pads will be cost effective because there will be extra concrete. Usually there's an extra charge for the amount of concrete that's left in a job. Use it up on the disc golf pads would be a good use of the extra concrete.

Suggestion for a gate to be put up to keep people out from the pole barn.

Marybeth is going to work on getting quotes from concrete pouring companies. She has asked if GP&R can tear out the current wooden porch.

Repaving the basketball court was brought up to Marybeth by Mike. A quote was gotten from Dean's paving. \$5200.00. Possibly get a quote from Walkkill Paving. Adjustable hoops could be a possibility for each \$7,000.00.

Sk8te Crew. Met with them and they need a plan to expand the skate park. Presentation in front of the town board. They raised \$2700.00.

Brian looked into having a movie night. \$350-\$450 to show a movie to have the rights to show the movie.

Fundraising events:

Chili dinner

Chili cook off

Letter campaign for the holidays
