

# **Town of Gardiner Natural Resources Inventory**

## **Scoping Meeting**

**January 13, 2020**

### **Conference Call – 10:15am**

1-518-549-0500

Access code: 15266378

## **Agenda**

Participants:

1. Introductions
2. Updates
  - Town Board resolution
  - GIS software – Roberta
  - Laptop?
3. Options for mapping work
  - Intern can produce series of PDF maps (what size?)
  - Have intern organize data, hire GIS consultant to create map (~\$2-3k?) (Distinction from other online mappers)
4. Gaps in prior work (Are prior maps legible enough?)
  - Geology
  - Updated Important Biodiversity Areas
  - Updated Forest Index
  - Stream Habitats
  - Updated Conservation/Recreation Areas
5. Priorities for GIS intern
  - Update Conserved Open Space Map (Laura Rose work)
  - Digitize Conservation Hubs/Corridors [inquire with Behan?]
6. Next Steps
  - Establish Work Group, Meeting date/time
  - Scope of mapping by intern
  - Project outreach/coordination with local boards
7. Homework
  - Feedback on base map/template
  - Request GIS data from OSP from Behan if still available
  - Look at East Greenbush and Putnam Valley NRIs, other examples
