Many students who attend OVU plan on going to law school and indicate a desire to major in "pre-law." However, the American Bar Association has no recommended "pre-law" undergraduate degree; instead, it recommends you major in something you find interesting and challenging, and that gives you an opportunity to strengthen your research and writing skills.* You can major in just about any academic discipline at OVU and be well-prepared to take the Law School Admission Test (LSAT), a key component for acceptance into law school.
