“Studio Theatre Information”

Studio Theatre Space:
Room Dimensions 58’ x 37’5”
Double door from back stage, 5’7” wide x 8’ high

Grid:
Height 23’3”, load ratings of 250lb at any point, 500lb at any pipe crossing two points
15,000lb maximum load total evenly distributed
Sprung hardwood floor
Flexible seating for approximately 150
Control room above rear of space

Miscellaneous Information:
The Studio Theatre has black drapes on tracks around the perimeter of the room.
The floor is made from Brazilian Cherry wood, please treat it well.
This is a flexible space; please consult the Technical Director or about your specific needs.
As this room has a dead hung grid, any lighting required must be done in advance.
This is necessary because access to the grid is done via a Scissor Lift. These considerations may influence your setup time in this room.

This theatre shares the loading dock and backstage facilities with the main stage. Care will be taken by staff to plan the usage of these areas when both venues are used at once.
The ACT

**Facility “Bar and Catering” Services:** A full range of services for your event are available in-house or through our suppliers. Please consult our Facility Operations Manager at events@mract.org to arrange the specific needs for your event.

**Parking** is available on the street or in the underground car park at Maple Ridge Town Centre. Access to the underground pay-parking lot is available from 224th street, Dewdney Trunk Road, or Edge Street. Additional parking is available in the pay lot on Edge Street as well. Please note that the ACT holds the parking gates open past 10pm on performance nights only. Anyone parked underground on non-performance nights past 10pm is responsible to get their vehicles out on time. The Arts Centre does not control parking gates. Parking is not available in our loading dock. Only vehicles needing to load or unload may park there.

**Time in the building:**
Your contracted time in the ACT facilities is noted on your contract. Please remember that any setup and technical rehearsals etc. are part of your contracted time. No setup will take place prior to your arrival unless specifically arranged in advance. The clock runs from when the setup for your event begins to when the stage is clean and the last person from your event has left the facility. Additional charges will apply for anytime beyond the contract. We do our best to make the best use of your time while in the ACT. Please ask to see our operational procedures for all details related to bookings. This will help you prepare for your event.

**Other important information:**
Food and drinks are not permitted onstage, in the house or control rooms - Bottled water only. During setup and rehearsals, use of the house and lobby areas is not permitted, unless specifically arranged in advance. For larger groups of people, technical staff may appoint 1 or 2 people as Fire safety and Evacuation officers. These persons will be responsible to assist technical staff in the event the need to evacuate the building occurs.

In **ALL** cases, the Emergency meeting location for all cast and crew for an evacuation is in **REAR PARKING LOT** located behind the theatre loading dock.

Various theatre staff is trained for first aid and kits are available throughout the building. Please inform staff if any first aid services are required at any time.
