Format:
- Short presentations
- Moderated discussion with all participants

18:00-21:00 Networking event

With representation of Government of Japan, GHIT Fund and UNDP/ADP

Master of Ceremonies:
Dr. Mandeep Dhaliwal, Director, HIV, Health and Development Group, UNDP

Keynote speaker:
Mr. Noboru Sekiguchi, Government of Japan

Monday February 3

8:00 – 8.30 Participants arrival and coffee

8:30 – 10:30 Case Studies and Market Place - Planning for access and delivery in R&D

Moderator: Tenu Avafia, UNDP/ADP

Presentations on Case Studies:
1. A funder’s development and implementation of access policies – Will Hall, Wellcome Trust
2. Planning for global access to innovations: from early discovery through launch – Shelly Malhotra, IAVI
3. Assessing technologies needed for the future by informing R&D for better access and health – Yot Teerawattananon, HITAP
4. The MAPGuide: a tool to share terms and approaches for increasing access – Julia Barnes-Weise, GHIAA
5. Strategies to improve delivery of health technologies – Kazuyo Ichimori, Japan Alliance on Global Neglected Tropical Diseases & Aya Yajima, WHO/WPRO

Format:
**Market Place** – At 9.20 am (after presentations), participants move to global cafe format and rotate across the room with opportunities to interact and have deeper discussions on five core case studies and issues:

1. **Review of current access policies and strategies in R&D (discussion of knowledge product)**
   Coordinated by Charles Clift / Rapporteur: Judit Rius Sanjuan, UNDP/ADP

2. **Funders access strategies and policies**
   Coordinated by Will Hall / Rapporteur: Michelle Childs, DNDi

3. **Innovators access strategies and policies**
   Coordinated by Shelly Malhotra / Rapporteur: Mike Frick, TAG

4. **Tools to increase access to information**
   Coordinated by Julia Barnes-Weise / Rapporteur: Rachael Crockett, independent consultant

5. **Use and evolution of Target Product Profiles**
   Coordinated by Rob Terry, TDR / Rapporteur: Margaret Gyapong, University of Health and Allied Sciences, Ghana

Format:
- Participants start in one core issue, but after 15 minutes they are allowed and encouraged to move around the room across the five different discussions. The room is set up to allow different level of interaction and engagement (with internal and external circles). The format of the discussions aims at allowing participants to provide feedback, ask questions, make recommendations and further develop interventions, tools, policies and knowledge products across different core issues and case studies.
- Each rapporteur will support in the coordination of the discussion and take notes, preparing to present in plenary the main issues raised in the discussion and recommendations.
- Marketplace facilitators support the discussions and moving of participants across different issues and circles.

10:30 – 11:00 Coffee Break

11:00 – 12:15 **Panel: Reporting and discussion on planning for access and delivery in R&D**

Moderator: Tenu Avafia, UNDP/ADP

Format:
- Five rapporteurs present summary of discussions, questions and recommendations from Market Place
- Moderated discussion with the speakers and all participants on input received
12:15 – 13:15 Lunch

13:15 – 14:30 Case Studies and Working Groups: Financing for access and delivery of health technologies for neglected diseases

Moderator: Isaac Chikwanha, GHIT Fund

Presentations on Case Studies:
1. Innovative strategies for domestic financing - Bernard Madzima, Ministry of Health, Zimbabwe
2. Sustainable and catalytic donor funding - Elisa Baring, End Fund
3. Financing for procurement and supply of NTD products: current practices & options for the future – Beatrice Greco, Merck

Working Groups:

- At 13.50 pm (after the presentations), the participants go into five working groups for focus-group discussions on the five core issues:

1. Landscape of financing for access and delivery of health technologies (discussion of knowledge product)
   Coordinated by Rohit Malpani / Rapporteur: Janet Ginnard Unitaid
2. Investment cases for neglected diseases (discussion of knowledge product)
   Coordinated by Rachel Nugent / Rapporteur: Chinwe Ochu, Nigeria CDC
3. Innovative strategies for domestic financing
   Coordinated by Bernard Madzima / Rapporteur: David G Kariuki, Ministry of Health, Kenya
4. Proposals for sustainable and catalytic donor funding
   Coordinated by Dave dela Cuesta / Rapporteur: Julie Jacobson, Bridges for Development
5. Financing for procurement and supply of NTD products (moving away from donations)
   Coordinated by Beatrice Greco / Rapporteur: Elizabeth Wilskie, Path

14:30 – 15:00 Coffee break

15:00 – 16:15 Reporting and discussion on financing for access and delivery of health technologies for neglected diseases

Moderator: Isaac Chikwanha, GHIT Fund
Five rapporteurs present summary of discussion, questions and recommendations from the working group discussions
Moderated discussion with the speakers and all participants on input received

16:15 – 17:15 **Final Session: The way forward**

Cecilia Oh, UNDP/ADP presents summary of key issues raised and overview of the second Global Dialogue
Open moderated discussion with participants, including suggestions and input on next steps
Final remarks from Taguchi Kazuho (Government of Japan), Catherine Ohura (GHIT Fund) and Mandeep Dhaliwal (UNDP/ADP)
