

## Podium steps

Users must be trained/familiarised.

- Brakes must be applied at all times when in use.
- Gate must be shut when in use.
- Guard rails must be at the correct height for the platform and extension kits used as required.
- Additional braces /climbing steps must be used as required.
- All locking clips must be in place at all times.

Consideration must be given at all times by users to maintaining access and egress for others in work areas
