## WORK EXPERIENCE

### UX Designer II March 2020–February 2022

*Amazon Devices Design Group - Alexa Core (Seattle, WA)*

UX/UI designer at Alexa Core multimodal experience team. Full stack design from early requirements definition to delivering high-fidelity flows across modalities for Echo devices with screens. Worked on a variety of projects (navigation, face mapping UI, widgets, new features in media, launch of Echo Show 8, 10, 15), in collaboration with product, engineers, research, motion, visual designers, UX writers and sound engineers.

### UX Designer II August 2018–February 2020

*Amazon Alexa Entertainment (Seattle, WA)*

UX designer at Alexa Music team, with focus on voice interactions. Worked on large cross-team collaboration projects, such as Alexa Guest Connect and personalization; supported overall voice-forward experience with Music on Alexa, extensive experimentation for customer engagement and retention. Introduced a new internal approach to handling customer feedback. Lead internal UX audit project with one direct report.

### UX Design Intern June–December 2017

*Avalara, Inc (Seattle, WA)*

Landing pages in Wordpress, visual assets, Sketch prototypes; custom illustrations.

### Web Designer 2016

*ZaveApp.com (Mexico-city, Mexico)*

As a solo web designer, worked with marketing team on a new Wordpress website for a mobile app start-up in Mexico-city. Visual design, IA, wireframing, Bootstrap/Wordpress.

### Website Manager and Copywriter 2011–2013

*C4group, event-agency (Moscow, Russia)*

Website updates, social media management, creative content and copywriting.

## EDUCATION

### Graphic Design Associate in Applied Science Degree 2018
