This warranty applies to 4.5kW Magnetic Air wind turbines (“Product(s)”)
when sold by Efficient Electron, LLC, (“EE”) or one of its subsidiaries or its
authorized dealers or purchased at retail, wholesale or through a
distributor between January 1, 2019 and December 31, 2019.

To Qualify for This Warranty:
1. The Product must be purchased from EE or one of its subsidiaries or its
authorized dealers or purchased at retail, wholesale or through a
distributor.
2. This warranty is valid for the first and original retail purchaser and is not transferable to subsequent
owners during the applicable warranty time period.

What EE Will Repair or Replace Under Warranty:
EE will repair and/or replace, at its sole discretion, any part of the turbine's frame, wind blades and magnets,
that are proven to be defective in material or workmanship under normal use during the applicable warranty
time period. Warranty repairs and replacements will be made without charge for new parts. Anything
replaced under the warranty will become the property of EE. All parts replaced under the warranty will
be considered as part of the original Product and any warranty on those parts will expire coincident with
the original Product warranty.
Warranty Exclusions:

This warranty does not extend to parts affected or damaged by collision, use in an application for which the Product was not designed, or any other misuse, neglect, incorporation or use of unsuitable attachments or parts, unauthorized alteration, improper installation, or any causes other than defects in material or workmanship of the Product.

This warranty does not cover any damage or deterioration resulting from the following:

1. Impact breakage to any part of the turbine;
3. Operating methods other than those indicated in the Product Operations manual;
4. Improper installation or repair of Product;
5. The use of non-genuine EE parts, electronic components, accessories and lubricants other than those approved for the Product;
6. Exposure of the Product to sea water, salt, or other corrosive environments without routine cleaning;
7. Collision, neglect, unauthorized alteration, misuse, incorporation or use of unsuitable attachments or parts; and
8. Normal wear and tear resulting in normal fading of painted or plated surfaces, rust, sheet peeling, and other natural deterioration.

To Obtain Warranty Service:

Please contact our nearest representative in your area using the following link:

https://efficientelectron.com/contact/ or by calling +1 (888) MAG-AIR1.

Our representative will guide customers in this process and based on the type of part or service required, may either ship the part to the customer or may direct the customer to take the Product or its part and proof of purchase to the nearest EE dealer who is authorized to sell and/or service the Product. If the customer is unable to obtain warranty service they may contact their nearest EE regional office who will be able to assist them further.

Disclaimer of Damages and Limitation of Warranties:

EE disclaims any responsibility for loss of time or use of the Product, transportation, commercial loss, financial loss, or any other incidental or consequential damage.
