COVID-19 and PAMIC Events Email Update

March 12, 2020

PAMIC Email Content

A serious issue on the minds of PAMIC leaders, staff, and members relates to the impact the COVID-19 virus will have on the April 7 & 8, 2020 Claims Summit in Gettysburg, PA, among future events.

Concern for the health and safety of PAMIC membership and staff is paramount. PAMIC’s Executive Committee will be meeting early next week (3/16) to determine whether or not the Claims Summit will be held on its regularly scheduled dates, postponed to a later date in 2020, or cancelled. **PAMIC will notify you when a final decision is made regarding the Claims Summit.** Thank you for your patience as we gather information to make an informed decision.

We are in daily discussions with the event location (Wyndham Gettysburg) to make sure that they are taking appropriate actions to mitigate the spread of the virus. Additionally, PAMIC is planning on providing effective disinfectants (hand sanitizers, wipes, and spray sanitizers) at the Claims Summit. PAMIC is also looking at our administrative policies with an eye toward ensuring fair treatment of our members.

**PAMIC takes the COVID-19 virus seriously. What is PAMIC doing?**

- We have asked, and Capital Blue Cross accepted our invitation to present a webinar to our membership focusing on what employers and employees can do to keep themselves safe from exposure and to mitigate the spread of the virus.
- PAMIC staff is developing critical and timely information to help you make informed decisions about attending PAMIC events
- PAMIC is developing proactive and timely communication resources including and the development of a COVID-19 webpage.

*Visit our COVID-19 webpage for more information and additional guidance: [https://www.pamic.org/covid19](https://www.pamic.org/covid19)*
As the impact of COVID-19 evolves, you can count on PAMIC to continue to share news and updates as well as how it impacts the PAMIC community. And in the immediate term, PAMIC encourages attendees at our meetings as well as staff to practice good health habits.

Sincerely,

Ron Gallagher

President, PAMIC
