Minutes
Welcome
The group was welcomed and thanked for all of their work. The agenda was reviewed.

Recommendations from Chairs meeting
The draft recommendations were reviewed with the group. Expectations around legislative funding for goals was briefly discussed. It was clarified that the draft shared does not include any comments or feedback received from group members.

Final resources for supporting data and research
The group reviewed the existing data and research the group provided and clarified what additional data was still needed or would be helpful.

Close
The group was thanked again for all of its work and asked to continue sharing any information they feel would be helpful to support the recommendations. They were also asked to indicate whether they were interested in continuing to be partners with the ASH Redesign Project in the future to reach out to the DMS team.
