Success for us is being proud of what we achieve and how we achieve it.

We are a Canadian leader in sustainable timberlands management, and we strive to be a global leader in implementing the latest safety innovations and technologies across our operations on the BC Coast. We are expanding our team, and invite you to join our modern, renewable resource company.

The Opportunity

Mosaic Forest Management, the timberlands manager for TimberWest Forest Corp. and Island Timberlands Corp., is looking for full-time Silviculture, Forest Engineering, Forest Biology and/or GIS Summer Students to work out of our Nanaimo, Nanoose and Campbell River, BC locations.

The Role

We are seeking experienced Silviculture, Forest Engineering, Forest Biology and/or GIS students, for the 2020 summer term from May 1st to August 30th, to support operations at our Nanaimo, Nanoose and Campbell River locations. Students will provide a combination of field and related office work, Monday through Friday.

Bring your passion and we will provide the training and experiences. Successful candidates will share their existing knowledge with Mosaic staff while gaining valuable on-the-job experience in silviculture, forest engineering, forest biology and GIS, supplemented by coaching from experienced mentors.

Mosaic Forest Management is certified by the Canadian Council for Aboriginal Business and encourages aboriginal applicants.

Benefits of working with Mosaic:

- Work with highly qualified professional staff.
- Build knowledge in different aspects of forest management (road and block layout, forest biology including fish and wildlife management, and silviculture), GIS (data quality and data cleansing based on remotely sensed data including LiDAR) and more!
- Invest in your future with a well-respected employer on Vancouver Island.
- Work on both Private and Crown lands from Sooke to the Johnstone Straits.
- Enjoy Vancouver Island life with opportunities in central locations of Nanaimo, Northwest Bay and Campbell River as well as daily travel to remote work sites.
- Competitive wages, based on education and experience.

Required Skills and Experience

- Completed initial year of study in a forestry and/or geomatics-related post-secondary degree and/or diploma program.
- Demonstrated appreciation for safety on the job.
- Demonstrated appreciation of forestry in society.
- Self-starter and confident working alone or in teams.
- Strong interpersonal and communication skills.
- Class 5 Driver’s License.
- In physical condition to safely and consistently handle terrain and weather of Coastal BC.

Application Submission

Please submit your cover letter and resume that includes:

- Why you want to work for Mosaic and what value you will add to the company.
- Forest program and stage/year of the program you will have completed by April, 2020.
- Indicate if you have a preference for silviculture, forest engineering, forest biology and/or GIS.

Submit your application to careers@mosaicforests.com. Use “2020 Summer Work Term – YOUR NAME” in the subject line.

About Mosaic:

Mosaic Forest Management manages the forest planning, operations and product sales for TimberWest and Island
