About Paul Quinn College
Paul Quinn College (PQC) has been widely recognized as one of the most innovative small colleges in America. Founded in 1872, by a group of African Methodist Episcopal Church preachers, PQC is a private, four-year, faith-based, liberal arts-inspired Historically Black College. Located in southern Dallas, we proudly educate students of all races and socio-economic classes under the banner of our institutional ethos, WE over Me. Guided by our mission to create servant leaders and agents of change for the global marketplace, we are committed to providing a quality education that addresses the academic, professional, and social development of students.

By focusing on academic rigor, experiential learning, and entrepreneurship PQC has become a model for urban higher education. As the ninth federally-funded Work College in the nation and the first Urban Work College in history (first-ever minority-serving institution (MSI), historically black college, and Texas-based institution), all PQC residential students are required to work 12-15 hours per week in addition to managing their academic course load. As a Work College, PQC provides students with the unique opportunity to spend their college career gaining real world work experience while paying less than $15,000 per year for tuition, fees, room and board. The vision of the Work College Program is to transform ability into action and potential into achievement by encouraging all students to embrace the ideals of disciplined work, servant leadership, and initiative in preparation for lives of financial freedom, community engagement, and outstanding character.

The Urban Work College model not only makes PQC a unique post-secondary institution, but it is also of material importance for our students given that every year 80 - 85 percent of them are eligible for Pell Grants. Additionally, because our students come from families where long-term unemployment and under-employment is prevalent, our work program provides them with the type of internship experience that they have historically been denied.

Under President Michael J. Sorrell’s leadership, Paul Quinn has become one of the most innovative and respected small colleges in the nation. Fortune magazine recognized President Sorrell’s work and the College’s transformation by naming him one of the World’s 50 Greatest Leaders. President Sorrell is also a three-time award winner of HBCU Male President of the Year by HBCU Digest and was named by Time Magazine as one of the “31 People Changing the South.”
