Packages

Designed to address the most common issues in organizations

GOALS & ROLES

Problem: turnover, lower productivity, wasted money due to lack of clarity around goals and roles.

Solution: employee survey tool, a complete analysis and revamp of the organization's structure, job descriptions, career development system, and corporate strategy; corporate strategy coaching; and a career development tool.

Result: employees understand what your company's goal is, what their role is, and how they can contribute to that goal.

Cost: starting at \$999*

EFFECTIVE LEADERSHIP

Problem: turnover, lower productivity, wasted money due to poor leadership skills.

Solution: emotional intelligence assessment, 360 feedback tool, group coaching, decision making worksheet, and a trust-building exercise.

Result: leaders will develop themselves and their employees, within time constraints, which will maximize their output.

Cost: starting at \$850*

HIGH PERFORMANCE

Problem: turnover, lower productivity, wasted money due to ineffective performance system

Solution: a complete analysis and revamp of the company's strategy, goals, intended culture, and performance system; a performance evaluation tool; an employee survey tool; and coaching for leaders to address poor performance and encourage accountability.

Result: Employees will be accountable and rewarded for high performance.

Cost: starting at \$999*
