How do your tokens work?
We have a variety of different types of tokens that correspond with different programs.

Note: Our token currencies adapt frequently due to funding sources, please contact staff and reference the Market Token guide for clarifications.

Red: Anything! Everyone takes them, they are the same as cash (change is given), and they are good at both of our markets!

Blue: Anything! Everyone takes them, they are good at all of our markets, they are the same as cash but change is not given.

Green & Black: These have the same requirements as using your card in a grocery store so any fruits, vegetables, dried beans, cut herbs, plants intended for growing food, packaged baked goods, honey, dairy products, meat, etc, just not any hot food or crafts

VENDOR INFORMATION

How do I become a vendor?
You can learn more about what products are eligible, the market rules and regulations, and a link to the application on hillsboromarkets.org

Do I have to come every week?
No! In the application, you are able to select the dates you would like to attend.

Yes, we do offer market space for community-based nonprofits! You will go to our website, go to the Become a Vendor page and sign up as a vendor. There will be a $32 application fee and we are able to provide up to three complimentary booth spaces to approved nonprofits.

For more information on what HFM provides and what selected/approved nonprofits are required to bring, please visit hillsboromarkets.org. Applications can be found on Manage My Market .com

Where is that vendor I saw that one time?
● Never say “I don’t know”
● If you have no idea or no way to find out, radio Liz
  “Liz, there is a customer asking about a previous vendor, do you have a minute to come and speak with them?”
● If you think you can figure it out, then ask them the following:
  Did you see them at this market this year?
    If yes: Some vendors do not come every week, sometimes every other week, once a month, or a couple of times a season. To verify if they will be there on the date you are attending, you can view the map of the market on our website hillsboromarkets.org
    What products did they sell?
● If the Market Manager is busy and you can’t figure out who they are talking about, give them the manager’s business card and invite them to email them.

Where is “X” vendor? Do you have “X” product?
● Finder aids
  o Market Map
  o Stall assignment list
● If a vendor is absent
  o Provide reason if known
  o To avoid future disappointment (for scheduled absences), encourage the shopper to check the map on our website

Can I have the contact information for a vendor?
All of our vendors' contact information is available on the “Meet our Vendors” page of our website: hillsboromarkets.org.
• If there is any kind of pushback, or need to contact them immediately, radio Liz or Amy (market staff) for assistance.

**How do you choose your vendors?**
We have an application process and once a vendor has applied, they participate in a farm visit or a product jury to determine if their products are a good fit for the market. If it is determined to be a good fit, then their dates are reviewed and approved depending on availability.

**How many of each product do you allow?**
Depends on the product, market, and market date. We do our best to support all small businesses while avoiding saturation of products to keep sales up for all vendors.

**Do returning vendors have priority?**
Yes

**Is everything organic?**
No, we do not require our vendors to be organically certified. We do ensure that all goods sold at HFM markets are 100% grown and produced in Oregon or Washington. Please talk to the vendor about their growing practices.
