SECTION 1: GENERAL INFORMATION
ABOUT DCYF & JPD

This Request For Proposals (RFP) is a partnership of Department of Children, Youth and Their Families (DCYF) and Juvenile Probation Department (JPD) and the result of recommendations from San Francisco’s DJJ Realignment Subcommittee.

**Department of Children, Youth and Their Families**
The Department of Children, Youth and Their Families (DCYF) has administered San Francisco’s powerful investments in children, youth, transitional age youth (TAY) and their families through the Children and Youth Fund since 1991. Our work brings together City government, schools and community-based organizations (CBOs) to help our city’s youth and their families lead lives full of opportunity and happiness. DCYF and our partners have a proud history of funding high quality, culturally relevant and empowering services with a deep commitment to advancing equity and healing trauma.

In 1991 the Children’s Amendment to the City Charter was passed by voters, making San Francisco the first city in the country to guarantee a dedicated funding stream to children each year in the City budget. The legislation set aside a portion of annual property taxes for services that benefit children. The Children’s Fund was overwhelmingly renewed by voters in 2000, then renewed again in 2014 with broad voter support for an extended 25-year tenure. Proposition C, also known as the Children and Families First Initiative, increased the property tax earmark for children and youth to 4 cents of every $100 of assessed property value, renamed the fund to the Children and Youth Fund and expanded its use to support services for TAY.

DCYF administers the resources of the Children and Youth Fund to CBOs and public agencies to provide services to the city’s children, youth, TAY and their families. DCYF’s Oversight and Advisory Committee (OAC), established in the 2014 legislation, helps to guide strategic planning and program evaluation. In fiscal year 2018-19 DCYF distributed approximately $141 million in funding to 440 programs in all the City’s neighborhoods. Together these programs served over 38,000 children, youth, TAY and their families.

DCYF funds services in the following areas: Early Care and Education; Educational Supports; Emotional Well-Being; Enrichment, Leadership & Skill Building; Family Empowerment; Justice Services; Mentorship; Outreach & Access; Out of School Time; and Youth Workforce Development. Our funding approach is holistic, seeking to support a continuum of services that provides children, youth, TAY and their families with opportunities to be healthy, succeed in school, prepare for the future, engage in positive activities and contribute to the vitality of San Francisco all while living in safe and supported communities.

DCYF also supports Evaluation to help understand the impact of our investments and Technical Assistance and Capacity Building to strengthen our CBOs and their programs. By raising our awareness of the services that best support children, youth, TAY and their families DCYF increases our ability to fund programs with the highest impact. By helping to strengthen our CBOs through technical assistance and capacity building we bolster their ability to contribute to the positive outcomes we seek for the communities we serve.

Our task is large, but our resolve is unwavering. DCYF continues to be a strong voice at the heart of San Francisco’s commitment to children, youth, TAY and their families. With an approach that combines broad experience, community engagement, creative thinking and thoughtful decision making DYCF continues to make San Francisco a great place to grow up.
SECTION 1: General Information
About DCYF & JPD

Juvenile Probation Department
It is the mission of the San Francisco Juvenile Probation Department to serve the needs of youth and families who are brought to our attention with care and compassion; to identify and respond to the individual risks and needs presented by each youth; to engage fiscally sound and culturally competent strategies that promote the best interests of the youth; to provide victims with opportunities for restoration; to identify and utilize the least restrictive interventions and placements that do not compromise public safety; to hold youth accountable for their actions while providing them with opportunities and assisting them to develop new skills and competencies; and contribute to the overall quality of life for the citizens of San Francisco within the sound framework of public safety as outlined in the Welfare & Institutions Code (WIC).

JPD is committed to working in partnership with government and community partners to change the way we supervise, and support young people and their families involved in the juvenile justice system. These commitments include:

- Centering the voices, experiences, and well-being of young people and their families.
- Effectively serving the needs of justice-involved youth through strengths-based youth-and family-centered strategies that are grounded in the community.
- Improving coordination across government agencies, community-based organizations, and youth and families to provide holistic support that helps justice-involved youth thrive and prevents future justice involvement.
- Keeping youth in their communities whenever possible; providing safe alternatives to detention for youth who cannot return home; reserving secure detention as a last resort when it is necessary to protect the safety of youth and those around them; and developing secure long-term setting(s) that are healing-centered, family-centered, community-centered, and culturally responsive.
- Collaborating with the community and partner agencies to expand diversion opportunities that prevent justice system involvement.
- Reinvesting and redirecting juvenile justice funding to the community, including directly to youth and families.
- Advancing transparency and accountability through data-driven operations, and evidence-based and promising practices.
- Equitably right-sizing and reorganizing the department to best serve young people and their families.

As a part of these commitments, JPD recognizes that we must advance a Whole Family Engagement Strategy that places racial equity at its center to ensure that all youth have equal access to successful outcomes, and that advances youth-and family-centered case plans and goal development, with the supports and resources necessary to help justice-involved youth thrive. JPD approaches all of this work with a commitment to transparent, data-driven decision-making, grounded in authentic collaboration and partnership with youth, families, and the community.
The Credible Messenger Life Coaches & Whole Family Support RFP is a collaboration between the San Francisco Juvenile Probation Department (JPD) and the Department of Children, Youth and Their Families (DCYF) to fund robust programming and services in two distinct program areas:

1. credible messenger life coaching, and
2. whole family support programming and services models, including opportunities for direct and flexible funding for young people who are involved with the juvenile-justice system and their families.

Funds for this project are derived from two annual state apportionments provided by the state to every California county, according to rules set forth by state law: the Juvenile Justice Realignment Block Grant and the Youthful Offender Block Grant. By combining these two funding sources, the City seeks to expand our ability to meet the needs of all young people in the justice system and their families. JPD will provide funds to DCYF who will administer the RFP, enter into grant agreements with the selected grantees, and monitor and ensure compliance with grant terms. JPD and DCYF will work in close collaboration to set grant terms and monitoring and reporting requirements.

Division of Juvenile Justice Realignment Background

In September of 2020, Governor Gavin Newsom signed Senate Bill (SB) 823 into law, commonly referred to as “Division of Juvenile Justice (DJJ) Realignment”. Prior to SB 823, DJJ operated state-run, long-term commitment incarceration facilities for young people with sustained petitions for the most serious offenses. With the passage of SB 823, this legislation:

- Stopped intakes at DJJ facilities as of July 1, 2021;
- Shifted responsibility to each local county for the custody, care, and supervision of youth who would have otherwise been eligible for DJJ: young people with sustained petitions for the most serious offenses;
- Adjusted the Age of Jurisdiction, thereby extending the juvenile court’s jurisdiction in each county to young people up to age 21, 23, or 25, depending on the offense; and
- Created a new state Office of Youth & Community Restoration (OYCR) housed within California’s Health & Human Services Agency to oversee DJJ Realignment in all counties across the state.

In May of 2021, Governor Newsom signed a companion law, SB 92, which created a “Secure Youth Treatment Facilities” (SYTF) track for youth found to have committed serious offenses, enabling counties to establish local long-term, secure rehabilitative programs for those young people who committed serious offenses that, prior to this new law, would have been eligible to be sent by the judge to state youth prison (Division of Juvenile Justice or DJJ).

DJJ Realignment requires each county to create a local body so that the county can receive state funding to support these new responsibilities. San Francisco’s body, called the “DJJ Realignment Subcommittee”, includes both the state-mandated seats and five additional seats for community members and youth advocates. In total, eight members, or over half of the subcommittee’s seats, are comprised of community members or youth advocates, including those with lived experience. Over the course of 2021, the DJJ Realignment Subcommittee met regularly and developed a plan to provide appropriate and meaningful rehabilitation and supervision services to youth who would have been eligible for DJJ commitment prior to its closure, as required by the legislation. Through the crafting of that plan, the DJJ Subcommittee voted to:
SECTION 1: GENERAL INFORMATION

ABOUT THE RFP, TIMELINE & IMPORTANT ELEMENTS

- Use San Francisco’s Juvenile Hall as San Francisco’s interim Secure Youth Treatment Facility (SYTF) for youth who would have been eligible for DJJ commitment prior to its closure, until the City’s future place of detention is identified and implemented;
- Build on San Francisco’s extensive array of existing community resources & investments for young people on probation.

While the DJJ Realignment Subcommittee identified a range of gaps in programs and services, members unanimously voted to prioritize two areas for this first RFP:
  - Credible Messenger Life Coaches
  - Whole Family Support & Direct/Flexible Funding for Young People and Their Families

See San Francisco’s full DJJ Realignment Plan here: [SF’s DJJ Realignment Plan 2021](#).

This RFP seeks strong applicants to deliver programming and services that fall under these two areas of focus. Programming and services will serve both the DJJ Realignment target population (youth with sustained Welfare and Institutions Code 707(b) offenses) and the non-DJJ eligible population (i.e. all youth under the jurisdiction of the San Francisco juvenile court). This includes young people committed to the Secure Youth Treatment Facility (SYTF), young people committed to Juvenile Hall, young people detained in Juvenile Hall, and justice-involved youth living at home and/or in an out of home placement,¹ and their caregivers.

SECTION 1: GENERAL INFORMATION

FUNDING TERMS

TOTAL FUNDS AVAILABLE
This RFP will provide up to $1.35 million in funding from September 1st, 2022 through August 31st, 2023, with the intention to continue programming and services. JPD and DCYF anticipate funding at least one (1) grantee to deliver the credible messenger life coaches in-custody program model and at least two (2) grantees to deliver the credible messenger life coaching model in the community. We anticipate funding four to six (4-6) grantees to deliver whole family support programming and services to serve youth and families across the continuum. All funding allocations are specific and must be used for the program purposes outlined in this RFP. Funding awards are subject to the availability of funds and grant terms.

This RFP, and the proposals received as a result of it, may be used to justify funding decisions for other similar services and/or other funding that becomes available through DCYF, JPD, or any other City department. DCYF, JPD, or other City agencies, will disclose any additional regulations or requirements during the negotiation process for contracts that are awarded through this RFP and funded by other local, state, federal or non-city sources.

GRANT TERMS
Grant terms for this RFP may vary. Variation in grant terms will depend on the availability of funds; grantee performance relative to the requirements and expectations set forth by the funding strategy; compliance with DCYF’s contractual, reporting and evaluation requirements and other expectations detailed in the grant agreement and award letter. In addition, DCYF shall, at its sole discretion, have the option to renew the grant agreement. The final terms and conditions of the grant shall be subject to negotiation.

USES OF FUNDS
DCYF & JPD funds shall only be used to support program costs that are direct or indirect expenses related to the requirements provided in this RFP. Applicants are encouraged to submit realistic budgets that adequately account for true program costs and the aspects of services that are key to quality.

Examples of eligible uses of funds include, but are not limited to:
1. Staffing costs and fringes;
2. Rent, lease and occupancy costs;
3. Materials and supplies;
4. Food costs;
5. Transportation and
6. Administrative costs up to 15% of the total contract amount (including administrative costs of subcontractors).

1. Any service that merely benefits children and youth incidentally;
2. Acquisition of any capital item not for primary and direct use by children and youth;
3. Acquisition of real property (excluding leases for a term of 12 months or less);
4. Maintenance, utilities or similar operating costs of a facility not used primarily and directly by the funded program;
5. Out-of-country travel;
6. Depreciation on buildings or equipment and
7. Religious worship, instruction or proselytization.
Also, DCYF & JPD will not spend its limited resources funding services that should be provided by other entities such as other City departments or the San Francisco Unified School District (SFUSD). For more detailed information on uses of funds, please refer to Doing Business with DCYF at: www.dcyf.org/doing-business-with-dcyf-guide.

RIGHT NOT TO FUND
If the submitted applications to this RFP are not deemed responsive or do not meet requirements, DCYF & JPD reserve the right not to issue awards. DCYF, in collaboration with JPD, may also negotiate a separate process to cultivate the services identified in this RFP. DCYF & JPD reserve the right to not fund past the initial grant agreement and to extend the agreement for additional years.

TERMS AND CONDITIONS
A. Errors and Omissions in RFP
Applicants are responsible for reviewing all portions of this RFP. Applicants are to promptly notify DCYF in writing if the applicant discovers any ambiguity, discrepancy, omission or other error in the RFP. Modifications and clarifications will be made by addenda as provided below.

B. Addenda to RFP
DCYF may modify the RFP prior to the proposal due date by issuing written addenda. Addenda will be posted within DCYF’s online application system. C. Revision of Proposal
An applicant may revise a proposal on their own initiative at any time before the deadline for submission of proposals. Because the online application system used for this RFP does not allow applicants to reopen a proposal after the final submission step, applicants must contact DCYF at RFP@dcyf.org to arrange to perform any revisions to proposals that have already been submitted.

In no case will a statement of intent to submit a revised proposal or commencement of a revision process extend the proposal due date for any applicant. At any time during the proposal evaluation process DCYF may require an applicant to provide oral or written clarification of its proposal. DCYF reserves the right to make an award without further clarifications of proposals received.

D. Late or Conditional Proposals
Any proposal received after the exact time specified for receipt will not be considered for funding. Any proposal may be rejected if it is conditional, incomplete or deviates from specifications stated in this RFP. Minor deviations may be waived at the discretion of the City.

E. Reservations of Rights by the City
The issuance of this RFP does not constitute an agreement by DCYF that any grant will actually be entered into. DCYF expressly reserves the right at any time to:
1. Waive or correct any defect or informality in any response, proposal or proposal procedure;
2. Reject any or all proposals;
3. Reissue a Request for Proposals;

Appeals will only be accepted in writing and must be submitted by email to appeals@dcyf.org. A panel selected by DCYF and JPD will review all eligible appeals and the panel’s decisions will be final.

The following items represent insufficient grounds for an appeal:

- Inaccurate observations made by readers, as shown in their comments
- Variations in individual reader’s scores
- Impact on the program, agency, or youth served (these considerations will be taken into account during the RFP review process)
- Past history of being a DCYF or JPD grantee

H. Political Activity
No funds received through this RFP shall be used to provide financial assistance for any program that involves political activities. Applicants must comply with Section 1.126 of the S.F. Campaign and Governmental Conduct Code.

I. Subcontracting
Applicants may include subcontracting arrangements with other agencies; however, these arrangements must be made prior to submission of the proposal. Confirmation of a memorandum of understanding or other formal agreement between the applicant and subcontractor may be requested by DCYF and/or JPD.

J. Contract Award
The selection process will include an evaluation by a review panel consisting of individuals selected by DCYF and JPD to identify the most responsive applicants. DCYF and JPD maintain the option of conducting oral interviews as part of the evaluation process. DCYF and JPD will select the finalists with whom DCYF staff shall commence contract negotiations. The selection of a proposal shall not imply acceptance of all terms of the proposal, which may be subject to further negotiation and approvals before DCYF may be legally bound thereby. If a satisfactory

K. Collaboratives
Collaboratives, i.e. joint ventures or a team of agencies with complementary skills and experience, are encouraged to respond to this RFP. Proposals from collaboratives must designate a lead agency to serve as the fiscal sponsor for the partners. The lead agency will be responsible for effectively planning and managing the delivery of services described in this RFP. The lead agency must also demonstrate the management and financial capability needed to oversee the delivery of the proposed programming and account for the grant funds for all collaborative partners.
OVERVIEW
DCYF will use a three-part process to make funding decisions for this RFP in collaboration with JPD. This process will include an evaluation by a review panel consisting of DCYF and JPD staff and community members and individuals with experience and expertise providing these services. All submitted proposals will be reviewed to ensure they meet the minimum eligibility requirements detailed in this RFP. Proposals that meet minimum eligibility requirements will proceed to the Scoring and Deliberation process. Proposals that do not meet minimum eligibility requirements will not be scored, and the applicant will be notified.

PHASE ONE: SCORING
Proposals that meet minimum eligibility requirements will receive a Proposal Score. The Proposal Score will be made up of an average of all reader scores which includes members of Community, DCYF and JPD. Before reading proposals, all readers will be trained on the goals, requirements, and target populations for this RFP. Each reader will use a rubric provided by DCYF to assign a score between 0 and 100 points to each proposal they read. The point values for each section in the scoring rubric are listed below.

<table>
<thead>
<tr>
<th>Proposal Section</th>

</tbody>
</table>

Any attempt by an applicant to contact a reader during the proposal scoring and deliberation process may result in the elimination of that applicant’s proposal/s from consideration.

PHASE 2: DELIBERATION
After scoring each proposal, the readers will convene to discuss and deliberate. This deliberation process will assess the ability of each proposal to achieve the intent of this RFP as well as whether the proposal will meet the needs of the target population(s). Information provided in proposals and reader comments will be considered along with information on program experience and agency health. The Deliberation process will result in a list of Proposals Recommended for Funding.

PHASE 3: FINAL REVIEW:
To ensure that our proposed list of grants meets our goals and addresses our target and priority population(s) DCYF and JPD staff will conduct a final review of the proposed portfolio. After the review we will have generated a final list of grants to be funded under this RFP.

NEGOTIATIONS:
If a proposal is recommended for funding, DCYF and JPD will review, on behalf of the City and County of San Francisco, the proposed program’s scope of work and budget in detail and negotiate these items with applicants as necessary to ensure that the proposed work and budget meets the goals, requirements, and policies of this RFP. During the Negotiations phase, scopes of work and budgets may be revised. If a satisfactory agreement is unable to be negotiated with an applicant, those negotiations may be terminated and new negotiations may be started with other qualified applicants. This process may be repeated until a satisfactory contractual agreement has been reached.
Agencies receiving awards from this RFP must be approved City vendors by the completion of contract negotiations in order to receive funding. DCYF reserves the right not to fund agencies that are unable to obtain City-approved vendor status by the completion of contract negotiations.

SECTION 2: CREDIBLE MESSENGER LIFE COACHES

DESCRIPTION

The Department of Children, Youth, and Their Families already maintains a Justice Services portfolio which includes a continuum of services for justice system-involved youth and disconnected transitional aged youth (TAY). Both RFP categories, 1) Credible Messenger Life Coaching and 2) Whole Family Support will become a part of this grant portfolio.

Credible Messenger Life Coaches
San Francisco’s DJJ Realignment Subcommittee identified a distinct need for young people in the juvenile justice system to be connected to and supported by credible messenger life coaches who been directly or indirectly impacted by the juvenile and/or criminal justice system(s), have a deep understanding of and commitment to working with this population of young people, and have sustainably transformed their lives (if applicable).

While San Francisco has a wide array of services, there is a lack of specific and intentional mentorship or life coaching programs and services delivered by people with similar lived experiences to our justice-involved youth population. This gap is particularly salient for the largest subset of our target population: transitional age young Black men. While San Francisco has high quality programming like this for young women and gender expansive young people, and while there are meaningful programs that employ case managers and other staff with similar lived experience, this RFP will specifically support credible messenger life coaches that can work with young people throughout their juvenile justice system involvement and after. This includes young people detained in Juvenile Hall; ordered by the court to a commitment at Juvenile Hall; ordered by the court to a commitment to the Secure Youth Treatment Facility (SYTF); and justice-involved youth living at home and/or in an out of home placement. Credible messenger life coaches, with the right funding and support, are uniquely positioned adults in our community to continuously engage with young people, become trusted confidants and advisors, and help young people in a time of crisis to navigate their circumstances through the system, through their challenges and triumphs, and into a successful adulthood.

From similar backgrounds and speaking the same language, credible messengers are able to break through to young people in the juvenile justice system and form powerful, transformative, personal relationships. With the development of trust over time, they are able to equip young people with new tools to manage their emotions and behavior and support to navigate the juvenile justice system. Credible Messenger Life Coaches are not a substitute for education, employment, housing, or substance abuse treatment or traditional case management and service brokering services. They are also not a substitute for probation officers or hall counselors. Life Coaches have been identified as an important component, and an integral relationship, in supporting growth and healing, providing young people with motivation to take ownership of their lives and the opportunity to thrive.

San Francisco seeks to fund two models of credible messenger life coaches: 1) an in-custody model and 2) a community model.
SECTION 2: CREDIBLE MESSENGER LIFE COACHES

Description:
San Francisco seeks to fund two models of credible messenger life coaches: 1) an in-custody model and 2) a community-based model.

The in-custody model (at least one grantee) will staff credible messenger life coaches in San Francisco’s Juvenile Hall to work with and develop relationships with young people while they are in the facility. Life coaches will become an integral part of the facility, will be present 7 days a week, during all waking hours (7am-8:30pm), and will support young people in the hall throughout their day. These life coaches will work closely with the sworn counselors in the hall, Assigned Deputy Probation Officers, and will interact often with school and behavioral health staff. Life coaches will work one-on-one and in groups with young people. Life coaches in custody will also work closely with the young person’s family and transition that young person to community-based life coaching when they are released to the community and go home.

All services will be conducted at San Francisco Juvenile Hall which is a 24-hour secure detention facility located in San Francisco. Located on city and county property, the facility is staffed by Juvenile Hall Counselors who supervise youth and are responsible for their overall care. Within the hall, there are two main populations that life coaches will be working with – young people who are pre-adjudicated and detained while going through the court process, and young people who have been committed to a term of incarceration at the hall, including youth committed to the Secure Youth Treatment Facility.

SECTION 3: WHOLE FAMILY SUPPORT

DESCRIPTION

SERVICE AREA NEED
Whole Family Support
Historically, San Francisco has not adequately supported families of young people in the juvenile justice system. Routinely, families are not centered in the case planning process, and do not receive the support they need and deserve to understand their child’s court case and advocate for their needs. This critical gap in our funding and service structure was identified over fifty times by the DJJ Realignment Subcommittee membership during our planning process. It has similarly been identified as an unmet need in the Close Juvenile Hall Work Group process which, as a result of listening sessions with young people and their families, emphasized that family and youth needs must be addressed for a youth to thrive and that all interactions with the system should allow for youth and families to achieve a high level of well-being. The Mayor’s Blue Ribbon Panel on Juvenile Justice Reform Plan also echoed this sentiment and included in their recommendations that caregivers should be provided supports to address their own mental health, substance use, and resource needs, should be involved in the decision-making during the youth’s involvement in the system, and should have the opportunity to engage in empirically supported family-based interventions.

To that end, this RFP will fund a variety of programs and services under a whole family support strategy for young people in the juvenile justice population and their families which includes young people committed to the Secure Youth Treatment Facility (SYTF), young people committed to Juvenile Hall, young people detained in Juvenile Hall, and justice-involved youth living at home and/or in an out of home placement. This RFP uses a more expansive definition of family to include individuals identified by the youth as playing a key role in their wellbeing and success.

To do this, San Francisco seeks to fund programs who currently provide or have the capacity to provide programming, support and services in the following areas:
- Peer Family System Navigation Services, especially for families navigating the juvenile court process
- Whole Family Therapy and/or Family Wellness & Bonding Activities
- Young Parents Parenting Programming & Support
- Flexible and direct funding for juvenile justice-involved young people and their families
