To be considered exposed to COVID-19, you need to have prolonged close contact with a person who has the virus. Close contact includes living in the same household, caring for a sick person with the virus, being within 6 feet of a sick person with the virus for at least 15 continuous minutes without the use of a face covering, or being in direct contact with secretions from the sick person.
RETURN TO WORK CRITERIA

- At least 3 days (72 hours) have passed since recovery (no fever without the use of fever-reducing medications)
- You have improved in respiratory symptoms (cough, shortness of breath, etc)
- At least 10 days have passed since symptoms first occurred

TRACING INFORMATION

- Note last date employee was physically present at school, and times the employee was within six feet or less of others
- Identify all areas that may have been exposed with the past 72 hours
- Determine closure response and communication if needed
