"**Honoring Our way of Life**" is the theme for the 2019 Paddle to Lummi. The Lummi Community is proud to announce the gathering for the Canoe Families to be traveling the Waterways of our Ancestors, this is not only healing for the pullers, but for all of the community members, there are many teachings that are passed on for all that participate and for all that come to the shores and visit our Lhaqtemish Tenexwen (Lummi Lands).

Everyone is welcome to witness the P2L Tribal Journey

Learning Right Relations, non-tribal people working in solidarity with Lummi Nation, is helping with preparations for the event by sponsoring the blanket project and by volunteering for the event. These blankets will be given to Lummi Nation to gift during protocol when the Tribe honors their guests with sacred gifts.
