Policy
Artistry has a limited amount of funds to provide scholarships to interested and qualifying individuals who wish to register for summer educational programs at Artistry, but are unable because of the cost. Artistry Summer Camps are open to children going into grades K-12.

A child will qualify to receive scholarship assistance if their family's income falls below the established qualifying guidelines which are determined in part by reference to the MN Department of Education's Income Guidelines for the Free and Reduced Lunch programs for schools. Summer Camp Scholarships (financial assistance in the form of a discount) are available in an amount equal to no more than one half of the tuition for a single camp, and are limited to one scholarship to any one registrant each summer. Additional children in the same household can qualify for one scholarship per summer each as well. In addition, please remember that a scholarship can only be granted if funds remain in the Scholarship Fund for the current calendar year. Any reduced cost registration is dependent first upon approval of the scholarship by Artistry Staff.

HOW TO APPLY:
Your first step is to complete this Application and submit it to Artistry (Note: All names and financial information provided on this application are considered private data on individuals and are subject to privacy of information provisions pursuant to state and federal laws.) The next step is the review and granting of the scholarship by Artistry. Once the application is submitted, please allow one week for decision and confirmation. It is best to submit the application over three weeks before camps of interest begin. Once that is complete, you will be notified of the amount of the scholarship. At that point, you will complete registration with Artistry by phone or in person. No online registrations can be taken for registrants utilizing this scholarship. Questions may be directed to Artistry at the email above or 952-563-8588.
