Welcome Baskets
Single women and their children who move out of shelters and into their own homes are very excited to start their new lives. The cost of moving is often overwhelming. We can help by making this transition a little easier with these baskets of supplies that are helpful in a new home.

Contact us when your items are ready to be delivered and we can match you to an agency that will distribute the packages to people who are moving out of shelters.

- Shampoo (trial size)
- Washcloth
- Poncho

200 ACTS OF SERVICE
WELCOME BASKET AND
“SPREAD THE JOY” BAG
INSTRUCTIONS

These healthy snack bags are a great item to assemble as a group project. Even very young children can get involved. Once you have assembled the bags, contact us to be matched to an outreach ministry that can distribute the snack bags to people who are homeless.

Making the Snack Mix
Pour Cheerios, Chex, and other hearty cereals into a large bowl. Avoid sugar-covered cereals. Add peanuts, raisins, dried cranberries or other crunchy items. Avoid peanuts if you are working with a group that may have peanut allergies. You can add small pretzels as well. Mix all of this together and then place a handful or cup of the mix into a snack-size Ziploc bag.

Assembling the Bag
Add the snack mix bag to a gallon Ziploc bag and add the following items or others that you may find available:
- Granola bar
- Tea bags or hot chocolate packets
- Package of snack crackers

Be sure that the bags are all sealed well.

Toiletry Kits
Another option is to assemble toiletry kits that are packed into gallon Ziploc bags. Add the following items to each bag:
- Pair of White Socks
- Toothbrush
- Toothpaste
- Disposable Razor
- Shaving Cream (trial size)
- Soap
- Shampoo (trial size)
- Washcloth
- Hand Warmers in Winter
- Poncho
