

Solidarität mit politischen Gefangenen in der Türkei

Für die politischen Gefangenen in der Türkei sind Lebenszeichen von aussen, die zeigen, dass sie nicht vergessen gehen, eminent wichtig. Wir bitten Sie deshalb, schreiben Sie einen Brief, eine Karte, eine Ansichtskarte auf englisch oder türkisch.

Ein Modelltext finden Sie unten, Sie können aber auch frei schreiben, auf politische Inhalte jedoch sollten Sie verzichten.

*Nachfolgend finden Sie eine Liste von inhaftierten HDP-Politiker*innen, die sich über Post von Ihnen freuen würden.*

Liebe ...

Ein neuer Frühling bricht an und damit die Hoffnung auf Demokratie und Freiheit. Ideale, für die Sie immer gekämpft haben. Dafür zollen wir Ihnen unseren Respekt und unsere Bewunderung.
Demokratie und Freiheit werden siegen!
Wir wünschen, dass Sie und die inhaftierten Freundinnen und Freunde möglichst schnell freigelassen werden.
Und so grüssen wir Sie in Solidarität und Liebe

„Vardım, varım, var olacağım“
(Rosa Luxemburg)

Sevgili

Yeni bir baharla birlikte demokrasi ve özgürlük umudu da yeşeriyor. Bu idealler için yılmadan sürdürdüğünüz mücadelenize saygı ve hayranlık duyuyoruz.
Demokrasi ve özgürlük kazanacak!
Sizin ve diğer tutuklu arkadaşlarınızın bir an önce serbest bırakılmasını diliyoruz.
Ve sizi dayanışma ve sevgiyle selamlıyoruz

„I was, I am, I will be!“
(Rosa Luxemburg)

Dear...

A new spring is dawning and with it the hope for democracy and freedom. Ideals for which you have always fought. For this we pay you our respect and admiration.
Democracy and freedom will triumph!
We wish that you and the imprisoned friends will be released as soon as possible.
And so we greet you in solidarity and love

'A letter is an unannounced visit' - Thus, freedom will not be limited to prison walls!

Below you will find the prison addresses of 40 imprisoned HDP politicians (20 women and 20 men who have an elected mandate, which we have selected among the more than 4,000 imprisoned HDP members) to whom you can write a letter.

Following individuals are systematically detained and imprisoned on the basis of the regime's wishes without any legal basis, despite rulings of ECtHR. Furthermore, Turkey's government has denied to apply any rulings of ECtHR so far.

"Prisons in Turkey have been turned into 'centres for human rights violations', where many inhuman and degrading treatments, especially violations of the right to life, are practiced. The constant increase in the number of prisoners is a significant indicator of rights violations." Human Rights Organization (IHD)
