

PATENT PLATE

The Patent Plates for 1956, 1957 and 1958 have been designed to include the Body Style and Body Specifications in addition to the car serial number. The Patent Plates are installed on the left front body pillar just below the upper hinge opening.

The following diagrams of the Patent Plates specify the Model Year, Plant which assembled the car, Serial Identification Number, Car Name, Body Type, Body Outside Paint Color, Trim Scheme, Day of Month car was assembled, Month car was assembled, and its numerical sequence of assembly.
