120 Yearling Angus Bulls

80 Fancy Commercial
Replacement Heifers

20th Annual Bull Sale

MARCH 10, 2022

1:00 PM at our ranch near Whitehall, MT

WELCOME

Fellow Cattlemen,

Welcome to our annual production sale. A special thank you to all our past customers for your support and confidence in our program. For those of you not familiar with our outfit, we look forward to meeting you and will try to introduce ourselves and our operation to you.

We are a family owned and operated ranch with a lifetime of experience raising Angus cattle. With that experience, we have come to realize that our goals have changed very little over the course of time. Our goal has always been to provide you, our customer, with predictable, high performance and trouble-free genetics.

In order to make genetic progress in our cattle, our selection challenges need to be similar to those of our commercial customers. To accomplish this, we run our registered cows the same as our commercial cows. We range on large pastures of short-grass sagebrush country and mountain grass upwards of 7,500 feet. Environment has proven to be our best sorting stick, and our commercial customers appreciate the fact that we test our cattle in the real world.

This year was especially difficult with the drought conditions. The wolves hit us hard late in the summer and early fall. Our cattle were scattered and some came home from the forest early, forcing us to wean in more contemporary groups than I like. This is reflected in their weights and ratios.

We have never jumped from one hot bull to the next resulting in inconsistent mongrelized genetics. Rather, our breeding philosophy is a disciplined system of mating our cattle from foundation proven bloodlines, breeding one like the next for generations, resulting in consistent reliable genetics for those who run cattle in the real world.

This year we have included inbreeding coefficients score in our catalog on the bulls selling. The higher the score the more homozygous gene pairs present than his non linebred counterparts. Linebreeding to a truly superior ancestor simply increases the pairs of homozygous genes making that individual more consistent and prepotent. We believe this to be a useful tool for our customers as they can cross these prepotent lines within their operations much like crossbreeding between breeds of cattle.

As I am preparing this catalog, the new stud catalogs are showing up in the mail. I am surprised by how fast the EPD's are ratcheting up to unrealistic levels. By the Angus Associations own numbers actual weaning weights have gone up 9 pounds in the last 15 years, while the EPD has gone up 27 pounds. As this trend continues, our program will stay the course and continue to breed functional, top performance cattle for our environment. If you run a commercial outfit in the Rocky Mountain West, you can rest assured these cattle were developed with you in mind. We invite you to stop by anytime and look our offering over or feel free to call and visit about our program.

**SALE CATTLE CAN BE VIEWED ON THE RANCH.
STOP BY ANYTIME!**

Thanks,
— *The Van Dyke's*

THURSDAY MARCH 10, 2022

Lunch at 12 P.M. • Sale at 1 P.M. • at the ranch near Whitehall, MT

AUCTIONEER

Roger Jacobs • 406-373-6124 • 406-698-7686

AIR TRAVEL

Butte is served by Delta airlines. Bozeman is served by Delta, United, Alaska & Frontier Airlines.

DRIVING DIRECTIONS

From Interstate I-90, take exit 249 at Whitehall, MT. Head north on Whitetail Rd. to mile marker 6, turn left at Wheeler Mountain sign.

TERMS AND CONDITIONS

All purchases are to be settled on sale day unless prior arrangements have been made. The cattle sell under the standard terms and conditions for the production sales as recommended by the American Angus Association.

Wheeler Mountain Ranch reserves the right to retain 1/3 semen interest on any of the bulls selling.

Announcements from the auction block take precedent over any printed material.

LIABILITY

Neither the host ranch, the sale management, nor the auctioneer assumes liability for accidents.

HERD HEALTH

All cattle will be accompanied by proper health certificates for immediate shipment. All bulls are fertility tested with scrotal measurements and are ready for interstate shipment.

Wheeler Mountain herd is free of known genetic defects.

VIDEOS

Videos can be viewed on our website at wmrangus.com and www.DVAuction.com.

VOLUME DISCOUNT

Wheeler Mountain Ranch will offer the following discount to our volume buyers: 4% on 4 bulls purchased, 5% on 5 bulls purchased, etc. A 10% discount will be the maximum extended to buyers of 10 or more bulls.

TRUCKING

Free delivery up to 500 miles, beyond at actual cost. Wheeler Mountain Ranch will offer a discount of \$50/ bull if the buyer will accept delivery as soon as delivery can be arranged.

INSURANCE

Will be available at the clerk's desk.

ABSENTEE BIDDING

This sale will be broadcast live on the internet.

DVAuction

Broadcasting Real-Time Auctions

Real time bidding & proxy bidding available.

For general questions, please contact our office: 402-316-5460 or support@dvauction.com

Welcome!

*Thanks for your interest in our
2022 yearling bull offering.*

ANGUS WMR

*Bulls can be previewed
at our Whitehall ranch.*

WMR COMMERCIAL REPLACEMENT HEIFERS

Selling will be 80 fancy open replacement heifers from the **top-end of our herd**. These heifers have many generations of **Wheeler Mountain breeding** in them and will be ready to go to work anywhere.

This year the heifers are at the ranch and can be viewed there anytime including sale day.

Heifers sell on a gate cut basis. Winning bidder must take at least 5 head or up to the entire lot.

Remote Bidding Available!

Flashback was the high-selling bull in our 2020 Sale, going to MR Angus. He has done a great job in our program as he passes his outstanding performance onto his offspring. Many of his sons can be used on heifers. If you like the Right Time bloodlines, consider bringing these Right Time bloodlines into your program.

New this year...

Inbreeding Coefficient (IC)

This year we have included inbreeding coefficients score. Linebreeding to a truly superior ancestor simply increases the pairs of homozygous genes making that individual more consistent and prepotent. We believe this to be a useful tool for our customers as they can cross these prepotent lines within their operations much like crossbreeding between breeds of cattle.

For Example: If a bull has an inbreeding coefficient of .25, he is expected to have 25 percent more homozygous gene pairs than a non-linebred individual from the same population.

He needs no introduction from us, as he is a widely used A.I. Sire. He did a nice job in our program as a reliable calving ease sire. I would recommend most of his sons as heifer bulls.

Pay Dirt is a powerful 1682 son that blew the doors off for performance at Apex in a large contemporary group, with ratios of 120 and 119 for weaning and yearling. All in a moderate frame size

package. He stands on a near ideal foot and is passing his explosive performance to his calves in a moderate birth weight package. **PAP tested at 7,000 feet with a score of 48.** Proudly owned with Apex Angus.

Lot 21 represents Timeless 081 very well, as his calves are still at the top in performance in our herd. †Lot 21 is from an outstanding cow family, double bred to Timeless 458. †Maybe the best 081 produced to date.

His progeny are just like him, deep bodied, easy fleshing, good footed & high performing. We brought 081 back to our program to carry on the Timeless line in our herd. He passes on performance

similar to Timeless in a more moderate frame and birth package. PAP tested at 7,000 feet with a score of 42 at 8 years old. Proudly owned with Herron Brothers and Beef 360 Genetics.

He is the easiest calving bull we have used in a long time, with thousands of calves born in commercial and registered operations. He has proven to be an excellent choice as a calving ease sire. As his daughters come into production, we have to say, they are icing on the cake! His sons are recommended for calving ease and keeping mature cow size in check. He was PAP tested at 8,000 ft with a score of 41. Proudly owned with MR Angus.

Outcross bloodline who we retained from our 2020 Sale to carry on the Captain bloodline. They are very complete, moderate in birth, and frame size. No extremes, but he does everything well. Many sons are suitable for heifers.

 #+Connealy Onward
 +*Coleman Donna 386

We purchased BAR Renown 941 at the 2020 Treasure Test Bull Sale to carry on the Rito line in our herd. Being sired by Renown and out of a direct Rito 707 daughter, going back

to Coleman Donna 714. There is power in the blood here. His calves are moderate and grew well on feed. Some sons are suitable on heifers. You will see more of these in the future, as his daughters look outstanding.

Pictured is SAV Renown 3439, sire of 941.

An Opportunity to Buy the Program!

WMR FLASHBACK 991

We've spent 37 years refining our long-range vision focused on the development of cattle that thrive in our environment.

We have well over 100 Flashback calves born here from both heifers and cows with no real calving troubles. His birth EPD remains a little high for a heifer bull but his CED is +8 which tells me that they may be a few pounds heavier but, are shaped right and come easy. He is proving to be a very complete bull in our operation.

We offer consistent reliable genetics for those who run cattle in the real world.

Ideal has been our go to heifer bull for good reason. His calves come easy with above average growth and the daughters are making great young cows with perfect udders and great dispositions. Rancher acceptance from this line bred Jorgensen bull has been great.
