

CV-DHR RX

cineVue director's handheld 2-way diversity COFDM receiver for video assist applications.

Key features:

- Convenient handheld design
- 500 nit display brightness
- Supports up to 1080p/60 video resolutions
- (8) user preset buttons for fast configuration recall
- Maximum ratio combining algorithms for reliable RF receive and instantaneous signal recovery
- (1) HD-SDI output, (1) HD-SDI/ASI output
- (1) HDMI input, (1) HDMI output
- Ultra-low delay mode: ≤ 20 ms, sub-frame latency
- Long-range, NLOS operation up to 1 mile***
- -95dBm plus receiver sensitivity
- Transfers start/stop record flag triggers, time code flags, and LUT metadata (via HD-SDI input)
- AVC Intra h.264 / MPEG-4 compression for high-quality video encoding
- Embedded audio output (via HD-SDI)
- 5.8 GHz license-free band (other bands available)
- Ethernet GUI setup and control
- 9 - 30 VDC power input
- 20W power consumption
- Dimensions: 8"W X 4.9"H X 1.72"D, Weight: 2 lbs
- Available with Anton Bauer or IDX battery plates

System operating range is solely dependent upon the physical and RF environmental factors present in the area of operation.
