

# Dear Irving,

## We're Back, and We're Ready.

The moment has finally come and we are just as excited as you are! We will be re-opening our doors for indoor sipping on Wednesday, September 30th. Things might look a little different, but our love and passion for delicious cocktails and an experience that will let the last six months slowly slip away from your memory. Now let's talk about some thoughtful, hygienic measures that will make this all happen.

### Before Opening Service

We will be operating at 25% capacity with parties of no more than 6 in total, as well as all tables will be placed at least six feet apart and/or a partition will be placed to ensure a safe distance.

All areas will be sanitized in accordance to CDC guidelines and on a regimented and consistent schedule along with daily deep cleans of all equipment, furniture and surfaces.

### Starting Your Experience

Immediately upon arriving, your temperature will be taken, anyone with a temperature greater than 99.9 will not be allowed to enter the venue.

Acceptable face coverings such as cloth and disposable masks that cover both the mouth and nose must be worn when entering and exiting the venue as well as when you are moving around the space.

*You will not need to wear a face covering when you are seated at your table.*

Only one party should enter the vestibule at a single time, kindly wait outside and respect the space of your fellow guests. We ask that one person from each party provide contact information for contact tracing purposes.

Our host(s) will guide each party to their table one at a time to prevent over-crowding and we will offer no-touch, online menus.

### During Your Experience

Safe social distancing is required of our team and guests at all times.

-In order to ensure the health and safety of staff and guests there will be no available seating at the bar.

-Staff will be required to wear gloves during service and change to a new pair frequently.

-Hand sanitizers will be placed throughout the venue for both guests and staff to use as much as needed.

-Commonly touched surfaces such as door handles, and call-switches etc. will be disinfected on a regulated schedule or after each use.

### Our Team

And as for us? We will provide all staff with appropriate PPE and will remain to social distance from each other and guests. Everyone will be required to provide a negative COVID-19 test before returning to work. Our employees will have their temperatures taken upon arriving to their shift and complete a daily wellness check.

If we are sick, we stay home

We thank you for patiently waiting for our reopening. Our goal is to reopen and stay open, keeping our team and our guests as safe as possible.

Please make a reservation to join us during this exciting time through our website [www.dearirving.com](http://www.dearirving.com)
