Generation Schools Network is a nationally recognized, award winning, education non-profit that focuses on the whole student with 15+ years of experience supporting districts and schools across the country. GSN staff, with their combined decades of experience leading successful schools, take a position of being a partner in the work, bringing experience, access to funding, familiarity with evidence-based strategies and the ability to facilitate a collaborative process to strengthen schools.

Generation Schools Network has... partnered with over 105 schools/districts in 28 states to help 4,778 teachers and 69,709 students thrive.

WHAT WE DO & OUR IMPACT

- **College & Career Readiness**
  - Empower students with a supportive peer community, adult connections, and the skills and resources they need to thrive in the classroom and beyond.
  - Support regional clusters of districts located throughout Colorado in creating multi-age, multi-school/district, multi-career Pathways to Prosperity.

- **Health & Wellness**
  - Supports your school to develop a program that ensures every student is prepared for successful transition.
  - Create a unique package of Social Emotional Learning resources for schools, focused on *Coping with Crisis* and *Exploring Identity, Culture, & Social Justice*.

- **School Redesign & Innovation**
  - Partner with schools to help address their challenges through realigning time, talent, and resources.
  - Support The Student-Centered Reporting Solution (SCRS), a homegrown technology solution, bringing together education leaders, researchers, policy makers, technology funders and programmers to remove persistent barriers to addressing equity in education.

- **School Leadership & Improvement**
  - Identify root causes and create a plan for improvement using evidence-based strategies, monitoring progress, and adjusting to achieve desired results.
  - Host feedback sessions with district leaders state-wide and nationally to listen and address concerns around technology access, learning loss, and mental health support for students and teachers.
