IMPORTANCE Rating Scale: 1 (lowest) to 5 (highest)

All of the Goals in West Colfax VISION 2040 Action Plan are important. One of the objectives of this process is to rank the goals to determine resource priorities. A starting point is to rate the levels of importance of each goal on the following 1 to 5 scale.

ESSENTIAL (Rating 5) – You consider this goal to be an emergency; it should receive immediate resources before all others. Typically, this rating involves fundamental elements of public health and safety and/or the protection of public assets.

CRITICAL (Rating 4) – While not an emergency, you consider this goal to be urgent because it addresses essential elements that are inhibiting our community’s economic progress and undermining our quality of life.

NECESSARY (Rating 3) – You consider this goal to be a high need because it aligns with our shared vision for future and will bolster economic vitality and enhance the livability of our community.

RECOMMENDED (Rating 2) – You consider this goal to be important because it advances our stated priorities and elevates our community’s standing as a desirable (and memorable) place to live, work, and visit, but you are willing to address this goal after other, more pressing needs are met.

LOW PRIORITY (Rating 1) – You either don’t consider this to be a worthy goal or don’t consider it to be a priority; it can be addressed (or not) in due course when additional, non-critical resources are available.

Each Ambassador, based on his or her opinion and perspective, will rate each goal on this scale. Later in the process, we will aggregate the ratings and discuss priorities based these findings.

KEY QUESTIONS
Key Questions

• What did we learn from the Importance Rating Surveys?
• What was the take-aways from our session discussions and homework?
• Can we distill our priorities into concepts for goals and action items?

Today’s Next Step: 10-15 minutes dialogues on each question

(Input / Validation for next session)
IMPORTANCE RATINGS
History Museum

Develop a Lakewood West Colfax history museum to preserve the oral and visual history of this commercial byway and to illustrate its impact on Lakewood’s development.

Authentic Character

Define the authentic characteristics and features that are valuable to honor Colfax’s history and character.

Historical Preservation

Recognize and promote the historical resources along the corridor as cultural assets and as a key to the corridor’s ongoing vitality.

Leveraging Infrastructure

Utilize investments in infrastructure to support and enhance placemaking in the corridor.
Survey Take-Aways

• Authenticity (including history & preservation)

• Local Amenities & Retail Options (including parks, green space, rec. activities, independent restaurants, boutiques, night life → targeted mix of uses)

• Aesthetics & Human Scale (authentic character, design considerations, adaptive reuse)

• Nodes of Activities and Walkability (including whole corridor improvements/branding/promotions, infrastructure [sidewalks, stormwater, etc.], lighting, safety, and signage)

• Leverage Infrastructure Investment for placemaking and innovation (new technologies, safety, art, signage)
AMBASSADOR HOMEWORK
Homework Take-Aways

- Recreational Options, Parks and Green “People” Spaces
- Walkable Retail and Restaurants
- New “Town Square” Destination
- A plan for Car 25
- Infrastructure
- Festivals and Outdoor Activities
- Housing Options
- Employment Options
• What if... We had Innovative / Unconventional Gathering Places?

Located throughout the corridor- not just West End.

• Creating visual interest through unconventional or sustainable materials. A reason to visit W. Colfax that doesn’t exist elsewhere in the city.

• Indoor/Outdoor Venue and Breakout Spaces.

• Begins to create those nodes throughout the corridor as well as interesting spaces to house some of the W. Colfax history, imagery, art –a nod to the past.

• I selected this image to convey that it doesn’t need to be high-end materials or an expensive building process... in-fact, that doesn’t really suit our culture. The idea that the aesthetic isn’t agreed upon (some will love it, some will hate it) is embraced.

• I believe this should be an important driver throughout the development of the corridor. Let’s make this an ongoing, community conversation through design & architecture.

The Momentum Formula™

Current State \[
\frac{(\text{History} + \text{Assets} + \text{Perception})}{\text{Community Values}} \] \times \frac{(\text{Value-based Goals} + \text{Core Purpose})}{\text{Community Buy-In}} = \text{Shared Vision}

Shared Vision \[\rightarrow \text{BHAG} \times \frac{(\text{Leadership} + \text{Execution})}{\text{Community Collaboration}} \times \frac{\text{Vivid Description}^{3Cs}}{\text{Core Stakeholders}} = \text{Future State}\]

3Cs: Clear, Compelling, Consistent Message

History + Assets + Values + Vivid Description \[\rightarrow \text{Authentic Story}\]
