Democracy Is Alive and Well
Alliance for Clean Energy NY and NY Offshore Wind Congratulate President Elect, Joe Biden

Democracy is alive and well in the United States. Voters across the country came out in record numbers to cast their ballots and make their voices heard. The Alliance for Clean Energy NY and the New York Offshore Wind Alliance congratulate President-elect Joe Biden for his doggedness, sincerity, honesty and belief in the fundamental goodness of America and Americans.

We deeply appreciate his expressions over the last several days of inclusiveness and his determination to bring the country together. We especially appreciate his deep concern for the economy and climate crisis, his recognition that disadvantaged communities are hit the hardest and his determination to address it. ACE NY and NYOWA are ready to roll up our sleeves and get to work with the new Administration to advance renewable energy and ensure that the new, clean energy economy delivers jobs to support families and environmental and economic benefits to all.

We are thrilled that during this 100th anniversary year of women’s suffrage, we have Kamala Harris, a woman vice-president elect for the first-time ever. Herstorical.
