

SPONSOR LEVELS

BUILD DAY

Modcon Living is a nonprofit organization dedicated to sustaining homes and communities. We assist homeowners through unique programs and services that help to sustain homes, improve quality of life and preserve affordable homeownership.

WE BELIEVE THAT EVERYONE SHOULD HAVE ACCESS TO RESOURCES TO LIVE IN A SAFE AND HEALTHY HOME.

Build-days offer companies and organizations a hands-on, employee engagement opportunity. Home repair projects are offered through our Safe at Home program while warehouse opportunities are offered through our Tool Library program.
