“Imagine every church and ministry in the diocese as a gracious place for truth-seeking on race and other important issues of our time. This movement will enable the diocese to not only empower every local community to move toward wellness and reconciliation but also enable our churches and ministries to be truly missional — manifesting Christ to our broken world.”

– The Rev. Canon Eric H. F. Law, Kaleidoscope Institute

Establish your congregation as a *gracious place for honest dialogue on challenging topics that can lead to reconciliation and transformation.*

“*The only way we are going to see change in our increasingly violent world is by building bridges, not barriers, between cultures, economic systems and faith communities, among other societal groups.*” – The Rt. Rev. J. Jon Bruno
