RESOURCES FOR LEARNING MORE
We recommend the following resources for additional information on Fruit Tree Care.

ORGANIZATIONS & WEBSITES:

Portland Fruit Tree Project (of course!) www.portlandfruit.org
We offer workshops on various topics related to fruit tree care. Our Tree Care Team program provides a unique opportunity to develop advanced skills and experience with fruit tree care. We also offer fruit preservation classes (canning, drying, etc), opportunities to harvest fruit from other sites throughout the city, and various other fruit-tree related activities!

Oregon State University Extension
OSU Extension has some great publications on their website http://extension.oregonstate.edu. Also, the OSU Master Gardener hotline is a place you can call with gardening questions. In Multnomah County you can call 503-445-4608.

Home Orchard Society. www.homeorchardsociety.org
Home Orchard Society is a nonprofit educational organization dedicated to assisting both novice and expert growers and promoting the science, culture, and pleasure of growing fruit. The HOS website has forums where you can post questions about your fruit trees and usually get some great, informed responses. Go to: www.homeorchardsociety.org/forums
HOS also offers educational workshops at their demonstration orchard at Clackamas Community College, and 2 annual events: All About Fruit Show (October) & Fruit Propagation Fair (March) Their website and newsletter also contain great articles about fruit tree care.

Washington State University Extension
The WSU Extension website has some great PDFs with detailed information on a number of fruit tree cultivation topics. http://www.ncw.wsu.edu/trefruit/index.html

Raintree Nursery www.raintreenursery.com (great retail nursery in WA – rootstocks, varieties, good info)

One Green World www.onegreenworld.com (local retail nursery with lots of fruit and good info)

ONLINE PUBLICATIONS:
Pruning & Training Your Home Orchard (a PNW Extension Publication) – (http://extension.oregonstate.edu/catalog/html/pnw/pnw400/)

http://homeorchard.ucdavis.edu/general-pests.html (IPM basics for fruit trees)

**BOOKS:**

*The Home Orchard*, a University of California Agriculture & Natural Resources Publication (2007)
