Live better. Longer.
A Letter from a Volunteer

Dear Friend,

You are on the mind of many who care deeply about individuals in the community. I live in Florida and visited with the JABA family last year. The hearts of the staff are full of love and compassion. You are remembered.

It can be difficult if services or schedules change, when life is in flux, and when we like to know what is going to happen when. 💖 But I imagine you have been through challenging times before and have learned some skills that you can draw upon now. You have resilience.

I'd like to encourage you to reach out to your family, friends, neighbors, acquaintances, and church family. Let them know you care, and if they are interested, share some of your tips for patience and resilience with them. You are valued and needed.

If you have an interest or a hobby that could make someone's day a bit brighter (for example, send a card, make a gift, draw a picture, or simply wave to a neighbor) every little bit helps. You can make a difference.

You are remembered.
You have resilience.
You are valued and needed.
You are loved.
You can make a difference.

With love and hope,
Suzanne—JABA Volunteer
