E. UNFINISHED BUSINESS.
• Investment Committee Discussion
  • Sartucci distributed written suggestions on the potential structure of an investment committee based upon research she had done on non-profit committees of a similar nature.
  • Brown reminded the committee members that many of the assets that the agency currently has that could be invested are projected to be expended for various purposes in the near future. The remaining assets would need to be accessible for operational reserve purposes. Therefore, the timing of an investment committee may not be optimal.
  • The committee agreed not to recommend to the Board that an investment committee be established at this time, but instead to address long term fiscal strategy through focused meetings of the Finance Committee, as well as identifying resources that could provide subject matter expertise.
  • Sartucci suggested that Brown pursue a D.U.N.S. number to assist with federal grant applications now before the agency begins using monies for centralization. Brown stated he has investigated but will make it a priority.
F. NEW BUSINESS

1. October 2017 Financial Statement Review
   - Brown reviewed the monthly financial report for FY 2018 through October 31, 2017 and answered and clarified issues for the Committee about various line items.
   
   A MOTION was made by Henault, seconded by Nagel to accept the financial statements through October 31, 2017 and move to the Board for review. Motion carried unanimously.

2. FY 2018-2019 Budget Considerations
   - Brown went over his analysis of the previous fiscal years’ profit and loss spreadsheet with committee members.
   - Revenue issues included the uncertainty of state aid and fiscal concerns of the member towns along with the potential for diminishing grants opportunities.
   - Fee structure needs to be reviewed in light of code changes, increase in workload for staff and need to cover costs associated with regulatory activities.
   - Brown reported on expense analysis as well, citing the need to use trend analysis of expenses as a means of setting realistic budget numbers. Potential issues affecting expenses are upcoming collective bargaining negotiations and response to mandated follow-up of lead poisoned children that is no longer funded by state funds.
   - Committee members discussed recommendations and provided suggestions on how to approach budget development in the current fiscal environment. Brown will work with staff to begin development of FY18-19 budget.
