V. UNFINISHED BUSINESS
1. Agency Communication plan/Branding Strategy
   - Wysocki suggested that the plan be a Strategic Communication Plan and/or an overall agency policy Communication Plan in alignment with the PHAB Accreditation Standards.
   - Brown will request an estimated time of completion of the draft of the Communication Plan developed by the agency’s consultant now that a logo has been completed. Brown reported that the selection of the logo would allow for finalization of the plan and for a branding strategy, which would be an annex to the plan.
   - Committee members again commented that the current draft was very focused on the community health aspects of the agency and the final plan should encompass all agency activities. Brown will take comments and additional information on agency activities to the communications consultant. He will also pull the agency’s EP communications plan to share with committee at its next meeting.
2. **New Agency Logo**
   - Committee reviewed and commented on revised logo developed by the agency’s communications consultant. Committee felt that it reflects the changes requested by the Board and is well-done.
   - Committee asked for a minor change (previously identified by Board) in the highlighting and stacking of the letters for “CCHD.” Brown will communicate change to the consultant.
   - Otherwise, Committee felt that the logo is ready to go.

3. **Board Development**
   - CCHD has purchased the “Governance in Action” Webinar series from the University of Michigan Public Health Training Center as recommended by the Committee. In a recently SALBOH conference call it was determined that the series can be used both as an individual learning tool by new board members as well as a group presentation of individual modules on governance to the Board.
   - Committee discussed access modes and potential uses in Board development. Committee members will review online and discuss at its next meeting how best to utilize.
     - Committee discussed other Board development opportunities for the future
     - The annual auditor’s presentation each fall and the annual agency budget review are set up as learning sessions to provide insight on fiscal oversight role by Board members
     - Additionally, having members attend annual agency presentation to town councils gives overview of agency activities
     - Committee suggested having program staff provide short overview of topics that affect the agency (e.g., implementation of the new FDA code; agency’s response to the Opioid crisis, etc.). These will be planned during the year in 25-30 minute blocks at board meetings.

VI. **NEW BUSINESS.** None.

VII. **NEXT MEETING**
