PROGRAM SPONSOR
THANK YOU
Our mission for Dressed is to give designers a unique opportunity to unleash their creativity while promoting the IIDA Georgia Chapter and our industry partners and manufactures at a runway extravaganza like no other. Teams have the opportunity to connect with the Atlanta Architecture and Design (A&D) industry in a creative and “out-of-the-box” format, working together to create one-of-a-kind, wearable garments, made almost entirely from their sponsoring manufacturers’ products. As in years past, a portion of the ticket sales from the event are donated to Dress for Success Atlanta.

For more information, visit dressforsuccess.org

10 years of Dressed. As we reflect on the first decade of one of our favorite IIDA annual events, Dressed 10 points us to the future. The foundation of the Dressed 10 concept stems from the binary makeup of the number 10. Universally recognized, one and zero, both clearly and more subtly, symbolize the concept of power and embody the future as it is manifested in our lives today. Dressed 10 represents the endless possibilities of the future that is tomorrow.

This year, each team is to create a garment that reflects their vision of the future. Dystopian, magical, technological, recessional, mythical, banal... it could be anything.

Thank you for joining us for this special evening.

Enjoy the show!
IIDA is a professional networking and educational association of 15,000+ members, 58 Countries and 30 Chapters around the world. IIDA was founded in 1994 as the result of a merger of the Institute of Business Designers (IBD), the International Society of Interior Designers (ISID), and the Council of Federal Interior Designers (CFID). The goal of the merger was to create an international association with a united mission that would represent Interior Designers worldwide. Since that date, IIDA has worked to convene communities of Interior Designers across regions and specialties, representing the interests of the entire community.

IIDA, with respect for past accomplishments of Interior Design leaders, strives to create a strong niche for the most talented and visionary Interior Design professionals, to elevate the profession to the level it warrants, and to lead the way for the next generation of Interior Design innovators. The association provides a forum to demonstrate design professionals’ impact on the health, safety, well-being and virtual soul of the public, balancing passion for good design and strategy for best business practices. IIDA stands at the intersection of passion and strategy where designers create extraordinary interiors and experiences.
Ian Hunter, IIDA

Ian started his career at the architecture school of Rice University in Houston, Texas. After 5 years, including studying architecture in Paris, Ian graduated with his professional degree and set out into the design world at Michael Graves & Associates, working as a designer and construction administration manager for casinos, hotels, NYC schools, and more. Following his post-modern experience at Graves’ office, Ian moved to multi-family design at Minno & Wasko in Lambertville, NJ, creating innovative designs as a project architect for both high-rise and mid-rise multifamily construction in the NYC metro area.

Today, Ian employs his broad experience from past high-rise, mid-rise, and interiors projects of all types to bring innovative and unique solutions to clients at tvsdesign. This global approach creates cohesive designs in an efficient manner to create innovative user experiences.

Liz Allen, Ind. IIDA

Liz Allen was born and raised just outside Harrisonburg, Virginia and attended the University of Virginia where she received a BA in Studio Art. After graduating, Liz worked for Architectural Ceramics in Baltimore prior to relocating to Atlanta in 2015. Since then Liz has been loving life in the South, which she now calls home.

Today, Liz works as an Architectural and Design Representative for Tilebar and loves every minute of it! Liz enjoys traveling with her husband, Luke, and son, Grafton, going to Braves games, riding their golf cart through the neighborhood, and drinking on the Beltline.

With over 18 years of experience, Mican Allen Andrews, ASID is the Design Director of IA Interior Architects’ Atlanta office. He oversees studio design work, mentors design staff, and is focused on further developing both client and industry relationships. Having worked on a diverse client portfolio that includes Fortune 500 headquarters, legal workplace, and financial facilities, Mican’s penchant for all things design allows him to be a creative resource both inside and out of the office.

This is not Mican’s first involvement with Dressed. He previously served as team captain on a “People’s Choice” award-winning garment in 2016. Inspired by the rich depth of talent in this year’s contestants, Mican is grateful to IIDA to be included as a judge!

Fiona Grandowski is a Principal at Collins Cooper Carusi Architects and has a passion for giving back, whether it’s mentoring students, volunteering for the Vinings Cumberland Rotary Club, Virginia Tech Interior Design Advisory Board or the Georgia Tech Arts Advisory Board, Fiona is focusing some of her time supporting education and design through a variety of paths.

More than 25 years into her career, her passions for exploring and learning continue to impact her design thinking to integrate social dynamics, client pedagogy and user comfort to drive the definition of space and the architectural form. At CCCA she has the opportunity to deepen the team’s understanding of learn, work, and play and combine it with deep knowledge of interior architecture, furnishings, and materials to further enhance the built environment.

Cristi Moore is a Senior Associate, Design Director and Co-Director of the Hospitality studio at Gensler’s Atlanta office with over 20 years of experience in the luxury market. She leads an award-winning team that has been published in multiple industry publications including Hospitality Design. Cristi has worked with top global hospitality clients including The Ritz-Carlton, Hard Rock Hotels, Great Wolf Lodge, Westin Hotels, among many others.

Cristi proudly serves on the Advisory Board for the College of Architecture Art & Design at Mississippi State University where she received a Bachelor’s of Business Administration in Marketing and Interior Design. She also earned a Master of Arts in Design Management and Strategy from the Savannah College of Art and Design. Cristi is passionate about design across all industries and is excited to celebrate the local community as a judge for Dressed 2019.
EVENT JUDGES
THE FUTURE OF FASHION

Tony Nelson is Senior Vice President of Sales for Global Furniture Group, USA. Global is a leading manufacturer of Furniture including Workplace, Education, Healthcare, and GSA markets. Tony has been in the contract furniture industry for 35 years, and brings a tremendous level of passion, enthusiasm, and knowledge to his role.

Tony’s focus has always been on serving the Design Community– thru support of the Architects, Designers and the customers they serve whether with product /project solutions, service opportunities, or business development efforts benefiting all parties involved.

Teresa Penley Sheppard is a Project Manager for JLL’s Project and Development Services group in Atlanta. Her experience includes managing projects for NCR Headquarters, Entercom, Invesco and Greystar to name a few. She was also part of the project management team responsible for delivering SunTrust Park and The Battery Atlanta. Teresa was the art curator for Braves SunTrust Park including monument gardens and the commissioning of the new Hank Aaron statue.

Teresa is no stranger to the art community in Atlanta. She is an avid photographer and artist. She is thrilled to be a part of tonight’s IIDA Dressed event and would like to congratulate all the teams on their incredible designs and hard work.
