

YOUR DONATION MAKES A DIFFERENCE

The success of the One Montana and the Master Hunter Program depends on donations of in-kind and financial support. **Your financial contribution will support the future of hunting on private land in Montana.**

- **General Program Support:** The Master Hunter Program is driven by committed people that spend time coordinating and teaching classes, traveling throughout the state to secure hunting access., fundraising, and building long-term relationships. This work is not supported through course fees and is the most important need for this program to run efficiently and effectively.
- **Student Scholarships:** We strive to make the Master Hunter Program available to anyone who wishes to participate. Scholarship funding enables us to offer the program to a greater number of people who may not have the means to pay the full tuition. Scholarships of any size can be named for the sponsor.
- **Course and Class Sponsorships:** We seek donors to support course locations or specific classes. Student fees only partially offset the class costs. You may also choose to support a course location or an individual class such as the landowner panel, weed identification, or other topics.
- **Final Rendezvous Weekend:** All students are required to attend a final weekend rendezvous to complete their field and final examinations. Sponsorship will help offset the costs of food, beverage, and lodging for these weekends. These sponsorships may be named and recognized.
- **On-Line Programming:** Beginning in 2020 we incorporated on-line programming into the Master Hunter Course. This is an added cost of \$65/student that is not covered in the course fees. A donation of \$2,000 covers all students for one class.
- **Gear:** The Master Hunter Program creates ambassadors for the sport of hunting. This is a rigorous program that requires weekends and time away from family. We seek partners interested in donating gear or providing gear at a discounted rate for our students as a benefit to their participation.
- **Challenge Match Gifts and Raffles:** We also encourage creative ideas to build support for our program and our partners including challenge match gifts, events, raffles, selling gear, and other ideas.

Donation Levels
