about

the awards

RateMyAgent's Agent of the Year Awards recognise and reward real estate professionals who demonstrate client service excellence. It is the only awards in Australia honouring leading agents and agencies on a suburb, city, state and national level, while also highlighting the most recommended across the country so sellers can make an informed choice when selecting an agent.

a message

from the CEO and Co-founder

RateMyAgent's Agent of the Year Awards continue to grow year after year. This year being no exception, as we extend our awards to Property Management and New Zealand in cities, regions and suburbs.

With an authentic review submitted every five minutes and one in three properties sold in Australia has a RateMyAgent review attached to it, it's not surprising that we are the leading agent review platform in Australia.

Having such a large portion of the industry represented, I am thrilled to say RateMyAgent Agent of the Year Awards is undeniably ranked as the most important awards of the year in the real estate property calendar and is decided by the people who matter most, your clients.

I look forward to celebrating with you at the awards.

- Mark Armstrong
