CMAA is North America’s only organization dedicated exclusively to the interests of professional Construction and Program Management. Formed in 1982 the association’s current membership exceeds 14,000, including individual CM/PM practitioners, corporate members, and construction owners in both public and private sectors, along with academic and associate members. CMAA has 28 regional chapters and 50 student chapters at colleges and universities nationwide.

CMAA's two national events are an integral component of its mission and professional development program. The 2016 Capital Projects Symposium will be held this year in Austin Texas (May 1-3) and the National Conference & Trade Show will be held in San Diego (October 9-11).
