RE: WORLD CHAMPIONSHIPS - AUSTRALIA - MARCH 1993

DATE: AUGUST 25, 1992

Congratulations on your success in qualifying for the World Championships in Australia. As I am sure you are aware, this is quite an honor. Along with this honor comes the difficulty of managing school with a very busy travel schedule.

For the World Championships themselves you will have three weeks of school. In addition there will be several training camps and competitions in preparation. It may be in your best interest to consider taking the winter semester/spring quarter off. Previous experience has indicated that this is a more prudent course of action. For example, a previous Under 20 National Team (who took fourth place in the World Championships in Saudi Arabia in 1989) and the 1992 Olympic Team, made the decision to sit out the semester.

If you choose to do so, you need to be aware that the NCAA regulations regarding the satisfactory progress rule would be in effect. Contact your college coach as well as your adviser to work out a schedule that would fit in your curriculum and provide the necessary credit hours to ensure your eligibility for Fall '93.

For those of you who are still in high school, you will need to work out your specific training/competition schedule with Coach Hove after consulting with your parents and teachers.

Work hard this fall and stay in shape. If you have any questions, please feel free to call me at 312-398-1300. Once again - CONGRATULATIONS!
