

COVID-19 Vaccine Attestation Form

Updated January 2022

This form is used to document each Lehigh Valley Chorale singer's vaccination records.

Singing is a very high risk activity for viral spread and as such, COVID-19 vaccination is required for individuals who wish to sing with the Lehigh Valley Chorale.

As of January 2022, vaccination requirements for participation in the Lehigh Valley Chorale are based on [CDC recommendations](#), and are as follows:

- Two shots of Moderna or Pfizer OR one shot of J&J, plus
- One booster shot when eligible:
 - 5 months after receiving initial series of Moderna or Pfizer, or
 - 2 months after receiving single J&J
- If you are not yet eligible to receive a booster shot, you can still join. However, when you become eligible to receive a booster shot, you must do so within one month and provide your updated vaccination record to a Lehigh Valley Chorale representative. If you do not complete your booster within that time frame, you will not be permitted to attend future rehearsals until you complete your booster.

Instructions:

1. Singer completes Part 1 of form below.
2. Singer presents completed form and a copy of their vaccination card to an LVC representative.
3. LVC representative reviews vaccination card, then signs/dates this form.
