COVID 19 REGULATIONS/ACITON PLANS

GR – 908.5 - USEF COVID-19 Rule Modifications – Effective Immediately Approved for the Remainder of the 2021 Competition Year Added (new language appears in bold italics; waived language appears in strikethrough)
*Rule Modifications added to the list on 6/19/20 appear in dark blue (Links appear in light blue) Applicable to Competition Management: Pages 1-13 Applicable to Licensed Officials: Pages 14 – 22 Applicable to Participants: Page 23 - 32

If social distancing and/or mandatory requirements are not followed at a competition, it must be reported to the Competition Manager and/or Steward/Technical Delegate at the competition. These matters should be handled immediately at the competition, if possible. USEF Stewards and Technical Delegates will inform individuals when they are in violation of the mandatory requirements. Competition Organizers will be responsible for facilitating the removal of an individual if they do not cooperate with the request. The Steward or Technical Delegate must report instances of non-compliance to the Federation in their USEF Steward/TD Report.

Any person who has a temperature of 99.5° F (37.5° C) or higher or has symptoms of COVID-19 cannot enter the competition grounds. Additionally, except for healthcare personnel who have treated patients using appropriate medical-grade PPE during the course of performing professional duties, anyone who has been in contact with a person who has tested positive for COVID-19 in the past 14 days cannot enter the competition grounds.

The use of face masks or face coverings will be required at competitions until the CDC no longer recommends their use. As stated in our COVID-19 Licensed Competition Action Plan, we are requiring organizers to enforce the use of face masks or face coverings on venue grounds. All staff, grooms, trainers, and participants will be required to wear a face mask or face covering when in a public setting when there is a possibility of being within six feet of another individual. Face masks and face coverings are not required when mounted on a horse.

Competition organizers are responsible for providing PPE to their competition staff, volunteers, and officials. Participants are responsible for their own PPE and that of their support teams. Organizers are not required to provide masks to competitors, though it is recommended to have extra masks on hand for those who arrive without one, as they are required to be worn when not mounted on a horse.

Competition organizers are responsible for having sanitation stations throughout the grounds with either soap and water, hand sanitizer, or both. Participants are required to wash hands often and adhere to other sanitization practices throughout the day. It is incumbent upon them to bring supplies as well.

All individuals on the entry form must sign the agreement, as well as competition staff, volunteers, and licensed officials.

- **The USEF COVID-19 Action Plan** is now available on the [USEF website](#). This plan outlines the new requirements and recommended best practices for both competition organizers and competitors at competitions held in the COVID-19 environment.
- **WHO Mass Gathering for Sports Risk Assessment Tool** is available on the [USEF website](#). This tool is required to be used by competition management as part of USEF's COVID-19 Action Plan and helps determine the risks associated with holding a particular competition.
- **CDC Resources for Large Community Events and Mass Gatherings** are available on the [USEF website](#) through the Licensed Competitions COVID-19 Toolkit.
- **USDF Best Practices- Considerations for dressage competitions** is available on the [USDF website](#).

Reminder Regarding Waived or Refunded Competition Fees Due to COVID-19

- USDF competition recognition fees will be refunded for competitions that are cancelled due to COVID-19.

THE CALIFORNIA GYPSY HORSE SHOW

Sponsored by the

The CGHC is a 501-(c) (5) non-profit organization and are dedicated to hosting fun and ethical shows for all Gypsy Horse owners and enthusiasts. We are equally dedicated to promoting the Gypsy Horse breed and strongly support functions and events with this intent. We also support the work of certified groups who use Gypsy Horses for therapeutic purposes for people with disabilities. We welcome Gypsy Horse enthusiasts from anywhere in the country to participate in our annual shows. These shows are open to Gypsy & Gypsy Crosses registered with the GVHS, GHRA, GHA, GCDHA or TCGA.

The Breed: The Gypsy Horse originates from the UK and Ireland. The Gypsy horse has many draft characteristics, including powerful bodies, heavy bone, with an abundant mane and tail and feathering on the lower legs. They possess an incredibly gentle and willing temperament and come in a variety of colors, but traditionally are of piebald coloring. The Gypsy Horse is descended from a combination of Shires, Clydesdales, Friesians, Fell and Dales Ponies with their origins in the Romani gypsy community of the UK and Ireland. These horses were originally bred by the Romany people to pull wagons or "caravans" known as Vardos. Today, the Gypsy Horse is excelling in nearly all riding disciplines and driving.

USDF Statement on Animal Welfare

The United States Dressage Federation, Inc. (USDF), a federation of over 100 independent organizations throughout the United States with a membership of nearly 30,000 members, supports the concept of ethical treatment of animals.

Dressage is a classical method of training horses, based upon the horse's natural responses, as carried out in a gradual, planned program during which the horse's athletic abilities are improved in a systematic manner. As a result, the horse becomes capable, comfortable, and responsive in partnership with the rider without the use of force. Dressage competition at various levels of achievement is the ultimate test of the training program to determine whether the desired harmony between horse and rider has been achieved.

The rules pertaining to dressage competition prohibit the use of artificial appliances, training aids, and drugs, which would force the horse to submit. Instead, the emphasis is upon training and a cooperative partnership with the rider. Major competitions are carefully monitored to assure that there is no unnecessary force or harshness displayed.

Unlike other horse sports in which horses enter training at a relatively immature state, dressage training is usually not seriously begun until the horse is three or four. The top levels of achievement require five or more years of progressive training and it is not unusual to see horses in international competition in their late teens. This, in itself, places a premium on good care and soundness throughout the horse's life.

While supporting the concept of animal welfare in its broadest form, the United States Dressage Federation, Inc., also recognizes that it is unrealistic to ascribe human emotions and responses to the horse which in its wild state is a creature of flight, living a hard and precarious existence. Under domestication, the horse is assured of ample food, water, and shelter, as well as protection against infectious diseases and damaging parasites, thus leading a longer and healthier life with a high rate of survival.

As an educational organization, USDF has numerous programs, which teach people how to pursue the accepted, humane training methods. A program of certifying instructors also emphasizes protecting the horse's welfare in pursuit of dressage training.

Ranch Pleasure (116, 117, 118 119, 120)

- No qualification is necessary for the Ranch Horse Section.
- Classes are to be conducted in accordance with the Ranch Riding Section, Chapter WS with the following exceptions: 1) hoof black, trimming of the bridle path, fetlocks and facial hair, and roached manes ARE permitted.
- The purpose of the ranch riding class is to measure the ability of the horse to be a pleasure to ride while being used as a means of conveyance from performing one ranch task to another. The horse should reflect the versatility, attitude and movement of a working ranch horse riding outside the confines of an arena. The horse should be well-trained, relaxed, quiet, soft and cadenced at all gaits. The ideal ranch horse will travel with forward movement and demonstrate an obvious lengthening of stride at extended gaits. The horse can be ridden with light contact or on a relatively loose rein without requiring undue restraint, but not show on a full drape of reins. The overall manners and responsiveness of the ranch riding horse to make timely transitions in a smooth and correct manner, as well as the quality of the movement are of primary considerations. The ideal ranch riding horse shall have a natural head carriage at each gait.
- Horses should NOT perform or be rewarded for performing gaits as they do in Western Pleasure. The horses are to be presented in a more forward-moving style than the typical Western Pleasure Horse. The horse and rider will be scored on movement, which is cadence and rhythm of gaits, smoothness and consistency in performance, along with how they perform the optional maneuvers.
- Ranch Riding patterns are available on the USEF website www.usef.org.
- Permitted bits are as described in the Morgan western pleasure Section (MO131). Junior horses may switch back and forth from snaffle bits or hackamores ridden with two hands to a bridle ridden with one hand. All bridle horses are to be ridden with one hand.
- Riders must wear a suitable western hat, a long-sleeved shirt with any type collar; trousers or pants, and boots. Riders must wear a necktie, kerchief, bolo tie or pin. A vest, jacket, coat and/ or sweater, and chaps or shotgun chinks are optional. Protective headgear is permitted and not required to be of western style (see GR801).
- Ties for first place, Champion, or Reserve Champion may be worked off using the same pattern, order of go and scoring technique as was used in the event; however, there will not be more than one work off. Show management may identify maneuvers where the high score of those maneuvers may be used to break tied scores. If tied scores are not broken, entries will be awarded the same placing and prize money (if any) for the tied the placing(s) involved will be added together and equally split between the respective exhibitors.
- The same horse/rider combination may not cross-enter between Open and Amateur/Junior Exhibitor classes.

- RANCH RIDING: Each horse will work individually, performing both required and optional maneuvers, and scored on the basis of 0 to 100, with 70 denoting an average performance.
- RANCH PLEASURE: Horses will work as a group on the rail and will be asked to perform the required maneuvers only.
- The overall cadence and performance of the gaits should be free-flowing and round covering at all gaits, with an emphasis on forward movement. Transitions should be performed where designated, with smoothness and responsiveness.

Any Gait, Any Seat – 17 & Under (94)

Open to all riders in English, Western or Hunt attire and appointments. Horses to be shown at any gait appropriate to each discipline. Ring procedure, apparel, equipment, presentation, and class specifications are those appropriate to each discipline.

Pleasure Walk/Trot/Jog – Open (153)

Open to all riders in English, Western or Hunt attire and appointments. Horses to be shown at a walk and jog or trot. Lead line - 6 Years & Under – (214)

The rider should be in control of the reins, but the leader must hold a lead that is attached to the bridle/headstall appropriate to the saddle used. If there are multiple owners of a horse and all are NMs, only one of the owners must pay the NM fee. If the horse has at least one owner who is a current USDF PM, GM, or BM there is no NM fee assessed. Competition management will be invoiced for all applicable USDF NM fees not received with the USDF post-competition paperwork, along with a report listing all USDF NMs. Competition management is then required to submit the NM fees within 30 days to the USDF. An individual with a USDF NM identification number is not eligible for any USDF membership benefits. Once a USDF NM number has been assigned, a USDF NM card can be obtained from the USDF website.

Horse Identification (HID) Number: A one-time tracking number for horses (\$35). Scores earned by a horse with an HID number will be recorded, but will NOT be counted towards Adequan®/USDF Year-End Awards. A horse with an HID number is not eligible to compete in Great American Insurance Group/USDF Regional qualifying or championship classes. An HID number can be upgraded to a Lifetime Horse Registration (LHR) for a fee of \$80. If a horse has a USDF LHR it does not need an HID number. An HID number is a one-time fee that does not need to be renewed.

Lifetime Horse Registration (LHR): A horse with an LHR (\$115) is eligible for Adequan®/USDF Year-End Awards, and eligible to compete in Great American Insurance Group/USDF Regional qualifying and championship classes, assuming requirements for the owner and rider are met. If a horse has an LHR it does not need an HID number. An LHR does not need to be renewed.
