Four ways students may differ from each other

- **LANGUAGE LEVEL**: How well can they speak and write in English?
- **INTEREST/HOBBIES**: What are their interests? What are their hobbies?
- **MOTIVATION**: What motivates the student - To just pass a required class, to get good grades, to keep their parents happy, to learn...?
- **PREFERENCE**: Does the student prefer individual work or group work?
The ways students differ are used to create choices

Interview a Worker

Choose an individual who you consider a “good worker” and interview them with a series of reflection questions about their job, their influences, and their decision-making.
Lesson 3.1
Interview a Worker

Find an older friend or sibling, parent/guardian, or older adult that you respect and think loves their work. Interview them with the following questions. The interview should take approximately 15 to 30 minutes.

If possible, record your interview so that you can refer back to it. If that’s not possible, take good notes!

Questions:

1. What influences are most important to how you do your work? These could be factors like your family, activities that you take part in, etc.

2. Who has had the greatest influence on your work, if anyone (such as a mentor)? How did that person affect you?

Title: Introducing Pecha Kucha for Middle School Students (Source: ChatGPT 3.5)

Objective:
- Students will understand the concept of Pecha Kucha, a presentation format consisting of 20 slides displayed for 20 seconds each.
- Students will learn how to plan, create a storyboard, and deliver a Pecha Kucha presentation.

Lesson Plan:

**Introduction (15 minutes):**
1. Begin with a brief discussion about different presentation formats students might be familiar with (e.g., traditional slideshows, speeches).
2. Introduce Pecha Kucha as a concise and dynamic presentation style.
3. Explain the format: 20 slides, 20 seconds per slide, making a total presentation time of 6 minutes and 40 seconds.
4. Show a sample Pecha Kucha presentation to give students a visual understanding.
**Key Elements of a Pecha Kucha (20 minutes):**
5. Discuss the key elements of a Pecha Kucha:
   - Clear and concise content
   - Engaging visuals
   - Timed slides
   - Practice for smooth delivery

**Planning and Storyboarding (30 minutes):**
6. Guide students in selecting a topic for their Pecha Kucha. Topics could relate to school subjects, personal interests, or a recent project.
7. Explain the importance of a storyboard for organizing content.
8. Provide storyboard templates or have students create their own on paper or digitally.
9. Instruct students to plan their 20 slides, considering visuals and key points for each.

**Creating the Presentation (30 minutes):**
10. Allow students time to work on their Pecha Kucha presentations using software like PowerPoint, Google Slides, or any preferred tool.
11. Encourage them to focus on concise and compelling content, and visually engaging slides.
**Appendix: Introducing Pecha Kucha - 3**

**Practice Session (20 minutes):**
12. Students practice delivering their Pecha Kucha presentations in pairs or small groups. Emphasize the importance of timing and smooth transitions.

**Peer Feedback (15 minutes):**
13. Students provide constructive feedback to their peers, focusing on content clarity, slide visuals, and overall presentation effectiveness.

**Final Presentation Day (40 minutes):**
14. Each student presents their Pecha Kucha to the class.
15. Allow time for Q&A and feedback from the audience.

**Reflection and Discussion (15 minutes):**
16. Facilitate a class discussion on the challenges and successes of creating and delivering a Pecha Kucha.
17. Discuss the effectiveness of the format in conveying information.

**Homework (if needed):**
18. Assign a reflection essay where students analyze their Pecha Kucha experience, discussing what they learned and any improvements they would make.

By the end of this lesson, students should have a solid understanding of Pecha Kucha, its elements, and how to plan and deliver an engaging presentation in this format.
