|                                                                              | a. Brandon: Teaching people about the language of trans rights is super important and I think we should support them  
|                                                                              | b. Maham: The link is on the poster so we can be confident people will understand how to get to the survey if they want to participate  
|                                                                              | c. Athena: The flyer is super clear and legible  
|                                                                              | d. Chris: The only problem I can find is the dates aren't clear  
|                                                                              | 3. Motion to approve

   b. Second: Daniel

   a. Sylvia
   b. No dissent
7. Motion passes!

1. Motion to bring Valentines Day funding request to floor
   a. First: Athena
   b. Second: Patrick
2. Discussion
   a. Dania: We just approved support request and I don’t think it makes sense not to fully fund
   b. Robert: Yield to redundancy
   c. Ryan: Pretty cheap and cost-effective for an event for all residents
   d. Sylvia: I think breakdown is super clear and makes a lot of sense
   e. Ian: Thinks it’s awesome that we found a good vegan candy
3. Motion to fully fund $650 out of coord board

   b. Second: Chris
4. No dissent
5. Discussion

   b. Ian: Especially during midterms, students can be struggling
6. Call to question
   a. No objection
7. Vote
   a. 17-0-0
   b. Yes-no-abstain
8. Motion passes!

1. Motion to bring NSBE funding request to the floor
   a. First: Ian
   b. Second: Daniel
2. Discussion
   a. Alex Hoss: Great event and is definitely beneficial to the people who are going to be going to the conference
   b. Aylsa: Agrees it is an important event and it will do good. However, 5,000 is a lot to give them for just 7 residents
   c. Sylvia: Doesn't think it's reasonable for all residents to be paying for seven
   d. Robert: Half seems to be a bit much because it is still seven residents going and there is no after action for the community sharing what happened or what they learned
   e. Athena: Only seven members going but there is an impact with those residents. Opportunity is really crucial for the minorities in our school
   f. Amanda: 5,000 for seven people to go is too much, thinks 1,000 dollars would be fair
   g. Stephanie Rodriguez: Half is more reasonable for them at least, we have funded conventions in the past and they didn’t indicate an after event about what happened after the conference. Half is more than reasonable, only seven people, but is still an opportunity for those seven people to go through a really important experience
   h. Adam: I wish we had the means to fully fund every convention, and I think everyone agrees we aren't going to fully fund, I still think half is a bit too much and 1,000 is still little. 1,633 is a ⅓ and that seems pretty fair to me. Seems reasonable to what we are thinking.
   i. Robert: I agree and when you consider 5,000 is more than what we have allocated to diversity and even giving a ⅓ for just seven people and for the thousands paying into the funds, a ⅓ is still extremely generous
   j. Dania: If the question is a ½ or ⅓ why don’t we just meet in the half and say 2,000
   k. Adam: I think that 2,000 is still a bit much I would love to give them everything but seeing as its half of our diversity budget right now and we are in week four and it might seem arbitrary fighting over 400 dollars, but that is not an arbitrary amount when you think of how many students funding into that.
   l. Sylvia: I like the idea of 2,000 dollars because it is a good middle ground
   m. Aylsa: I still agree more with a third just because of how few students there were and to the point of its impact it seems like a more specific experience
   n. Informal Vote
      i. 1,633 (third), 2,000, or 2,450 (half), none
      ii. 9-5-2-2
   o. Amanda: A third is too much for seven students and I don’t think it is fair to the residents to pay for someone else’s experience
   p. Maham: It doesn’t matter how many people it effects it is still important
q. Ryan: I feel like this request is more based in equity and equality so we should keep that in mind
r. Ian: Posted it on the school website and they are representing us as a school and we shouldn’t undervalue that representation for all minorities. I did a conference and it was beneficial for everyone who went but also the growth and diversity of the club I was in

3. Motion to fund 1,633.33 out of diversity
   a. First: Maham
   b. Second: Adam

4. Dissent
   a. Robert: Still believes it is too much, especially given the fact we have turned away events that would cater to a lot more people that would have a lot greater impact on the general community. Do not think that it is fair to everyone else that we give those seven people money for an individualistic experience. It is not planting a seed, it is just giving them the money to go. Doesn’t feel like this is a conference that will enrich the community

5. Doesn’t rescind
   a. Maham and Adam

6. Vote to continue the motion
   a. 10-13-0
   b. Yes-no-abstain
   c. Move forward with motion

7. Discussion
   a. Adam: I think we’ve heard a lot of talk about quality over quantity and I don’t think we are paying enough attention to quantity. To have your money go to a very select group of people is hard to justify. 500 is not an arbitrary amount. And we should remember where are budget comes from while also wanting to support this event
   b. Alex Hoss: I think a lot of you are stuck on the idea of quantity and we can’t guarantee an inclusive experience for everyone is going to come along and if we partially fund all of the smaller reaching things, we will
   c. Robert: Quantity is very much a quality of its own. If an event caters to a lot of people and it doesn’t deliver a huge experience for each people.
   d. Aylsa: even though this will give a quality experience to these students we should also remember this experience is also going to be very closed off as it is just their club and not people who could potentially apply or try to gain something from this experience
   e. Sylvia: We should focus on what we are doing right now and don’t think we should anticipate things that are going to happen in the future. We should be using the money this quarter for this quarter
   f. Brandon: As someone who did go on one of these conferences that seems like an individualistic thing but there are a lot of things that you learn including bonding with the people you are going with that share your struggles and concerns
   g. Ian: We shouldn’t discount how much a small group experiencing such a small event could influence such a big group

8. Call to question

2. Discussion  
   a. Robert: Great organization and commonly come into Loma Pelona Center for through 24 hour gaming marathon and I think they can definitely pull off this event and make it super fun  
   b. Chris: Loves the poster, thinks it is super aesthetically pleasing. Good event for a lot of people  
   c. Adam: Seems like a really great event and thinks that a lot of residents will come
3. Motion to approve  
   a. First: Maham  
   b. Second: Chris
4. Discussion  
   a. Robert: Event is going to get pretty good attendance and they have a large audience and would help them reach people who aren't already apart of it  
   b. Phuong-Vy: Lets say they didn't get the Loma Pelona, we should do it  
   c. Ian: The survey we ran here in Manzi had a lot of residents saying they wanted gaming-oriented events to attend
5. Call to question  
   a. Maham
6. Consent
7. Motion passes!

1. Motion to bring Gaucho Gaming funding request to floor  
   a. First: Adam  
   b. Second: Amanda
2. Discussion
a. Robert: Compared to other events we've funded this is a pretty small amount and because it is in a prime location for residence halls. Thinks that this a homerun event we should approve
b. Stephanie Gonzalez: Most of our residents did mention they wanted a gaming night, and we should be recognizing their rights

3. Motion to $626 fully fund request through internal
   a. First: Chris
   b. Second: Alysa

4. Discussion
   a. Dania: As it was mentioned before, the LPC is a really good place to host the event and isn’t too far for Chi-5 to participate
   b. Ian: One of the largest student orgs on our campus, so we can count on big attendance. Last time their venue was too small so it will be good for them to have a bigger venue

| 1. Motion to bring the Prop 13 flyer request to floor |
| a. First: Amy                                        |
| b. Second: Rayelyn                                   |

2. Discussion
   a. Dania: When I saw prop 13 on the ballot it was really confusing to me so I feel like this is an educational measure
   b. Adam: Concerned about blind conformity of people seeing this flyer I think that we should advocate for balance and the other side being represented
   c. Alex Hoss: I think it’s good to tell people about it but this is not informative it is just saying to vote yes
   d. Adam: I think because we just heard this presentation that this office is confusing for people who aren’t super familiar with AS and its problematic in its vagueness

3. Motion to deny flyering request
   a. First: Maham                                        |
   b. Second: Adam                                        |

4. Discussion
   a. Austin: The whole idea of prop 13 is that it does strictly benefit students. This money is supposed to make the spaces are compliant with safety regulations. The entire proposition is beneficial to students
   b. Robert: What the point of view of the Prop is not of consequence. It is clear that this flyer is confusing. And there is also a question of balance but if you’re going to deny every request because there isn’t something beside it, there isn’t any reason someone won’t come next week
c. Chris: it should still have some of points that could be possible points

d. Maham: i don't think we should do this we’re looking at the flyer not our personal opinion.

e. Kevin: I just think a more neutral power will give people more power to make their own choice. They could add where this money is coming from and where it is going to

f. Michelle: She said she was planning to add website that was giving more validation

g. Austin: Okay to ask them to make everything on their flyer more neutral. Then it is way more educational

h. Adam: I think a lot of these points are about the bill themselves and I think that it just needs to be more neutral

i. Alysa: We should want our residents to just be informed

5. Call to question
   a. No objections

6. Consent
   a. No objections

7. Motion passes!

1. Motion to bring Bernie support request to floor
   a. First: Amy
   b. Second: Chris

2. Discussion
   a. Kevin: I’m just concerned about people wandering the halls, we already have to deal with that in the arbor and I’m not sure its appropriate
   b. Ian: Having someone go to all of the resident halls is still super valuable
   c. Athena: if we don’t support them can they still do it,
   d. Mahma: AS election isn’t the same as a national election and we should consider that
   e. Austin: I think we should more focus on if we are allowing canvassing generally in the dorms

3. Motion to deny
   a. First: Patrick
   b. Second: Athena

4. Discussion
   a. Alex Hoss: I think that we should consider that this does encourage all kinds of voters
   b. Patrick: There is another organization that is neutral that is already coming around. I don’t think bringing all the information we already have across campus into the dorms is necessary
   c. Robert: In a way it is kind of neutral because if someone really doesn't like Bernie they could still learn that

5. Call to question

6. Vote
   a. 16-7-4

7. Motion passes!
1. Motion to bring zero waste flyer to the floor  
   a. First: Maham  
   b. Second: Rayelyn  
2. Discussion  
   a. Mahma: Seems really cool and fun  
   b. Athena: They have all the information that is necessary  
   c. Dania: Very appealing to the eye and is something our residents can benefit from  
3. Motion to approve

   b. Second: Dania  
4. Call to question  
   a. Consent  
   b. No objection  
5. Motion passes!  

1. Motion to bring EJA Town Hall  
   a. First: Daniel  
   b. Second: Ian  
2. Discussion  
   a. Austin: This is a new group that was formed out of EAB so this would be their first town hall so this would be super important and informative for their members and community  
   b. Adam: Think we’ve given other orgs the opportunity to advertise for their town halls and I don’t see why we wouldn’t do the same here  
3. Motion to approve  
   a. First: Amy  
   b. Second: Kevin  
4. Discussion  
   a. Alex Hoss: this is very important for college students to learn and it’s hard for us to be zero waste especially in the dorms, so this is beneficial  
   b. Ian: Great idea to spread the info about something that is already here  
5. Call to question  
   a. Consent  
   b. No objections  
6. Motion passes!  

1. Motion to bring so icy ball funding request ot floor  
   a. First: Patrick  
   b. Second: Rayelyn  
2. Discussion  
   a. Alysa: Seems like a pretty cool event and there are a lot of people come so I feel like we should fully fund  
   b. Alex Hoss: I don’t think we should fully fund because it doesn’t reach that many students  
   c. Diana: while I feel like its a great event I don’t feel like we should fully fund  
   d. Maham: I just think that this is a lot of money, it is only 50 residents and non-members that would be able to go with paying 10-15 dollars
e. Dania: I still agree with Alysa because there will still people going that
f. Adam: thinks we should fund 500 dollars
g. Patrick: When I see this funding request I see an organization that is catered to a smaller population that are still our residents and while I do agree we shouldn’t fully fund them, events like this are a way to help these organizations that have members who are our residents and they are very important
h. Robert: Really do like what Austin had to say and we should remember that we aren’t a philanthropy board and I think it is important to turn away requests like this where they don’t actually benefit residents, but just say that to receive our money
i. Stephanie R: I think we should fund it half because it seems like it is really interesting

3. Motion to fund this event 750 from diversity
   a. Rayelyn
   b. Alex Hoss

4. Dissent
   a. Adam: Thinks a third is more fair and appropriate and that half is a little too much for all the reasons previously stated
   b. Maham: I agree it doesn’t seem like their budget is actually
   c. Austin: This is something that should happen, just shouldn’t be funded by RHA

5. Motion is rescinded

6. Motion to fund 500 from diversity
   a. Alex Hoss
   b. Adam

7. Discussion
   a. Alysa: Even though we are not made for philanthropy we are still made to foster inclusive and community building related events. A lot of black students who are our residents do not feel welcome in the UC students and it should be a mission of ours to foster a community for them
   b. Daniel: I think sometimes we focus too much on the whole community but sometimes its important to focus on what small groups of people need. 500 is appropriate
   c. Maham: I completely agree I just think 1500 is too much and 500 is more adequate
   d. Kevin: Feels like we should give them half. It’s our responsibility to facilitate those spaces

8. Call to question
   a. No objections

9. Vote
   a. 20-0-1

10. Motion passes

1. BFOM/VOMO funding request to the floor
    a. First: Maham
    b. Second: Proxy Matthew

2. Discussion
   a. Alex Hoss: this is a very good event and is inclusive because it is free and helps
boost up the acapella groups on campus and this can’t be anything but positive
b. Maham: i agree I think we should fully fund
c. Robert: this is one of the events where they check off every box for us so I think we should give them what they ask for
d. Amy: This does advocate for the arts especially because we are in a stem heavy school it helps those who are creative display that

3. Motion to fully fund 700 from coord board
   a. First: Maham
   b. Second: Daniel

4. Discussion
   a. Nhung: I saw it on the digiknows so that means a lot of people will know about it and want to attend
   b. Adam: I think this will have a very high attendance and is important

  1. UCSB Grad Students for COLA support request  
  a. First: Adam  
  b. Second: Dania  
  2. Discussion  
  a. Rayelyn: In huge support of COLA and thinks we should go through it  
  b. Dania: Thinks that we should go through with it and with RHA being as big as it is there is an impact that we have when we support movements like these  
  c. Alex Hoss: They are asking for a cost of living adjustment of 1800 and are asking that doesn’t come from student costs  
  d. Angela: Thinks that this is a really important letter but would like to note that we should sign it as the “RHA Coordinating Board”  
  e. Adam: Disgusting how much we all pay for tuition and how much revenue the UC system gets and how unwilling they are to dish out of that revenue so I think that this is a reasonable demand  
  f. Kevin: This battle is also an important one against aristocratic institutions across the nation  
  g. Brandon: It is important that we speak about this so we can clear up confusion that has happened during different strikes.  
  h. Robert: Not us today, but we could be grad students tomorrow and down the line this is going to benefit all of us  
  3. Move to approve support request

      i. Believes that they should’ve tried to go against the actual cost of living instead of just asking for a higher amount of money
6. Chris rescinds his call to question
7. Discussion
   a. Adam: While that is a good argument it doesn’t seem very practical and this movement is probably the best thing we can do at this movement
   b. Brandon: In most governmental jobs there is usually a 1-4% increase and while it can drive up costs due to inflation these are students who need this money to live
   c. Ryan: this is just a fight for change in general and while we are fighting for Santa Barbara we are also fighting for Santa Cruz
