GOALS

- **Foster justice, autonomy, and well-being for survivors** and communities
- **Transform systems** to ensure prevention and responses for sexual and domestic violence that support justice, autonomy, and well-being
- **Connect institutions, stakeholders, and communities** to collectively increase understanding of sexual and domestic violence, especially the impacts and effectiveness of community responses for survivors

**2023-2024 Work Plan Activities**

- Develop pilot of restorative and transformative justice responses to domestic and sexual violence.
- Continue focus on survivor defendants, coordinating cross-trainings with systems partners and building referral and collaboration networks.
- Collaborate with the state AG’s MMIWP Task Force and the Lummi and Nooksack Tribes to revisit the community response for MMIWP and next steps needed for safety and justice in our communities.
- Lead case reviews of local intimate partner homicide cases and sexual assault cases to identify strengths and gaps in community interventions and prevention.
- Collaborate with courts to improve access to justice for survivors in civil and family law cases, focusing particularly on survivors with language access needs.
- Discuss overlap between housing/homelessness and DV/SA; make recommendations for community and organizational leaders.
- Partner with schools and community organizations to support interventions and prevention for students.
- Consider ways to enhance partnerships in healthcare field, through framing and prevention based on public health lens and addressing and enhancing provider screening, referrals, and responses.
- Stabilize funding and administrative structures for DV Commission operations.
- Host engaging Commission meetings to implement meaningful systems change.
- Provide prevention and intervention resources and subject matter expertise for systems and stakeholders (eg workplaces, faith communities, courts, media).
