Important Update: Two Nations One Water POSTPONED until further notice

Considering recent developments pertaining to COVID-19, planners of the Two Nations One Water (TNOW) conference decided yesterday to POSTPONE the 4/13-15/20 conference.

We plan to RESCHEDULE the conference at a later date to be determined, once the Coronavirus is contained and no longer a serious public health threat.

We have been closely following the growing number of disaster and emergency declarations by our local, regional and state governments, and we believe this decision is prudent and in the best interest of all participants.

We look forward to a date in the future when we will contact you again about the Two Nations One Water conference with the full hope you will be able to participate.

Thank you for your understanding, and please don’t hesitate to reach out with any questions or concerns.
