Baked Cocoa

Mix two ounces of Bushel's Cocoa, one ounce of cornflour, with a little water to make a smooth paste. Put it into a saucepan and stir with a wooden spoon. Allow it to become lumpy; then add the yolks of two eggs, beat well, add a few drops of vanilla, and pour into a well-buttered fire-proof dish. Place in the moderate oven for about 15 minutes. Cool on ice to set.
